

**RICHARDSON CITY COUNCIL
MONDAY, MARCH 16, 2015
WORK SESSION AT 6:00 PM; COUNCIL MEETING AT 7:00 PM
CIVIC CENTER/CITY HALL, 411 W. ARAPAHO, RICHARDSON, TX**

The Richardson City Council will conduct a Work Session at 6:00 p.m. on Monday, March 16, 2015 in the Richardson Room of the Civic Center, 411 W. Arapaho Road, Richardson, Texas. The Work Session will be followed by a Council Meeting at 7:00 p.m. in the Council Chambers. Council will reconvene the Work Session following the Council Meeting if necessary.

As authorized by Section 551.071 (2) of the Texas Government Code, this meeting may be convened into closed Executive Session for the purpose of seeking confidential legal advice from the City Attorney on any agenda item listed herein.

WORK SESSION – 6:00 PM, RICHARDSON ROOM

• **CALL TO ORDER**

A. REVIEW AND DISCUSS ITEMS LISTED ON THE CITY COUNCIL MEETING AGENDA

The City Council will have an opportunity to preview items listed on the Council Meeting agenda for action and discuss with City Staff.

B. REVIEW AND DISCUSS A REPORT FROM THE AUDIT COMMITTEE

C. REVIEW AND DISCUSS THE PROPOSED CITY OF RICHARDSON'S PUBLIC ART MASTER PLAN

D. REVIEW AND DISCUSS FOOD TRUCK REGULATIONS

E. REPORT ON ITEMS OF COMMUNITY INTEREST

The City Council will have an opportunity to address items of community interest, including: expressions of thanks, congratulations, or condolence; information regarding holiday schedules; an honorary or salutary recognition of a public official, public employee, or other citizen; a reminder about an upcoming event organized or sponsored by the City of Richardson; information regarding a social, ceremonial, or community event organized or sponsored by an entity other than the City of Richardson that was attended or is scheduled to be attended by a member of the City Council or an official or employee of the City of Richardson; and announcements involving an imminent threat to the public health and safety of people in the City of Richardson that has arisen after posting the agenda.

COUNCIL MEETING – 7:00 PM, COUNCIL CHAMBERS

1. INVOCATION – PAUL VOELKER

2. PLEDGE OF ALLEGIANCE: U.S. AND TEXAS FLAGS – PAUL VOELKER

3. MINUTES OF THE FEBRUARY 9, 2015 MEETING

4. VISITORS

The City Council invites citizens to address the Council on any topic not already scheduled for Public Hearing. Citizens wishing to speak should complete a "City Council Appearance Card" and present it to the City Secretary prior to the meeting. Speakers are limited to 5 minutes and should conduct themselves in a civil manner. In accordance with the Texas Open Meetings Act, the City Council cannot take action on items not listed on the agenda. However, your concerns will be addressed by City Staff, may be placed on a future agenda, or by some other course of response.

PUBLIC HEARING ITEMS:

5. PUBLIC HEARING, ZONING FILE 14-43 AND CONSIDER ADOPTION OF ORDINANCE NO. 4105, AMENDING THE COMPREHENSIVE ZONING ORDINANCE AND ZONING MAP BY GRANTING A CHANGE IN ZONING FROM O-M OFFICE WITH SPECIAL CONDITIONS TO PD PLANNED DEVELOPMENT FOR O-M OFFICE DISTRICT USES FOR A 0.356-ACRE TRACT LOCATED AT THE SOUTHWEST CORNER OF ARAPAHO ROAD AND NEWBERRY DRIVE, RICHARDSON, TEXAS.

ACTION ITEMS:

6. VARIANCE NO. 15-01: CONSIDER AND TAKE NECESSARY ACTION ON A REQUEST FOR A VARIANCE TO CHAPTER 21: SUBDIVISION AND DEVELOPMENT CODE, ARTICLE III, SECTION 21-52(I) [OFF STREET PARKING] FOR A REDUCTION IN THE NUMBER OF REQUIRED PARKING SPACES APPLICANT: KAYLA WELSCH, KIMLEY-HORN AND ASSOCIATES, REPRESENTING KDC.
7. VARIANCE NO. 15-02: CONSIDER AND TAKE NECESSARY ACTION ON A REQUEST FOR A VARIANCE TO CHAPTER 21: SUBDIVISION AND DEVELOPMENT CODE, ARTICLE III, SECTION 21-47(D) [SCREENING AND OPEN SPACE], TO ELIMINATE A PORTION OF A REQUIRED SCREENING WALL. APPLICANT: KAYLA WELSCH, KIMLEY-HORN AND ASSOCIATES, REPRESENTING KDC.
8. RECEIVE THE MARCH 4, 2015 SIGN CONTROL BOARD MINUTES AND CONSIDER FINAL APPROVAL OF SCB CASE #15-04, GOVINDJI'S JEWELERS.

9. CONSENT AGENDA:

All items listed under the Consent Agenda are considered to be routine by the City Council and will be enacted by one motion with no individual consideration. If individual consideration of an item is requested, it will be removed from the Consent Agenda and discussed separately.

- A. AUTHORIZE THE ADVERTISEMENT OF BID #43-15 – PUBLIC SAFETY COMPLEX SECURITY ENHANCEMENTS. BIDS TO BE RECEIVED BY THURSDAY, APRIL 9, 2015 AT 2:00 P.M.

B. CONSIDER AWARD OF THE FOLLOWING BIDS:

MINUTES
RICHARDSON CITY COUNCIL
WORK SESSION AND COUNCIL MEETING
FEBRUARY 9, 2015

WORK SESSION – 6:00 P.M.:

- **Call to Order**

Mayor Maczka called the meeting to order at 6:00 p.m. with the following Council members present:

Laura Maczka	Mayor
Bob Townsend	Mayor Pro Tem
Scott Dunn	Councilmember
Kendal Hartley	Councilmember
Paul Voelker	Councilmember
Steve Mitchell	Councilmember

Absent:

Mark Solomon	Councilmember
--------------	---------------

The following staff members were also present:

Dan Johnson	City Manager
David Morgan	Deputy City Manager
Cliff Miller	Assistant City Manager Development Services
Don Magner	Assistant City Manager Community Services
Shanna Sims-Bradish	Assistant City Manager Admin/Leisure Services
Aimee Nemer	City Secretary
Taylor Paton	Management Analyst
Kent Pfeil	Director of Finance
Michael Spicer	Director of Development Services

Richardson Economic Development Partnership (REDP) Members Present:

Bill Sproull, President/CEO
John Jacobs, Executive Vice President
Sue Walker, Director, Economic Development
Mike Skelton, Director of the Mayor's Office of International Business
Jenny Mizutowicz, Manager of Marketing and Research
Charlie Chen, Chairman, Richardson Chamber of Commerce

A. REVIEW AND DISCUSS ITEMS LISTED ON THE CITY COUNCIL MEETING AGENDA

Michael Spicer, Director of Development Services, reviewed Zoning File 14-39. Kent Pfeil, Director of Finance, reviewed the Tax Increment Finance Zone items.

B. REVIEW AND DISCUSS RICHARDSON ECONOMIC DEVELOPMENT PARTNERSHIP 2014 REPORT AND 2015 WORK PLAN

Bill Sproull, President/CEO, REDP, reviewed highlights from 2014 with new development, entrepreneurship, recruitment, retention, retail, and international efforts. He also reviewed Richardson project results comparing statistics over the last five years in employment, projects, and occupied office space. Mr. Sproull reviewed trends regarding office space, remaining land and state support. He concluded with a review of the 2015 strategic plan.

C. REPORT ON ITEMS OF COMMUNITY INTEREST

Mayor Maczka announced that Officer Adam Lewin was the proud new father of a baby girl. Councilmember Mitchell reported on the Retail Committee meeting stating that there are strong opportunities for retail for Richardson. Councilmember Dunn noted that there is not a Council meeting on February 16th due to President's Day.

COUNCIL MEETING – 7:00 PM, COUNCIL CHAMBERS

- 1. INVOCATION – KENDAL HARTLEY**
- 2. PLEDGE OF ALLEGIANCE: U.S. AND TEXAS FLAGS – KENDAL HARTLEY**
- 3. MINUTES OF THE JANUARY 26, 2015 AND FEBRUARY 2, 2015 MEETINGS**

Council Action

Councilmember Mitchell moved to approve the Minutes as presented. Councilmember Hartley seconded the motion. A vote was taken and passed, 6-0 with Councilmember Solomon absent.

4. VISITORS

There were no visitor comments submitted.

PUBLIC HEARING ITEMS:

- 5. PUBLIC HEARING, ZONING FILE 14-39, A REQUEST BY JARROD BLAKE, REPRESENTING BH DALLAS PORTFOLIO LLC, FOR A CHANGE IN ZONING FROM C-M COMMERCIAL WITH SPECIAL CONDITIONS TO PD PLANNED DEVELOPMENT TO ALLOW A RESTAURANT WITH DRIVE-THROUGH SERVICE ON A PROPERTY LOCATED AT 811 S. CENTRAL EXPRESSWAY (NORTHEAST CORNER OF CENTRAL EXPRESSWAY AND SPRING VALLEY ROAD.) THE PROPERTY IS CURRENTLY ZONED C-M COMMERCIAL.**

Public Hearing

Mayor Maczka opened the Public Hearing. The applicant, Jarrod Blake, was available to answer Council questions. A comment card noting opposition was submitted by Kevin Williams. With no other public comments submitted, Councilmember Hartley moved to close the Public Hearing, seconded by Councilmember Dunn and approved 6-0 with Councilmember Solomon absent.

Council Comments

All of the Councilmembers expressed appreciation for the application and the Jimmy John's product. They each also stated that the location is the gateway to the City and were not in favor of changing the zoning for a drive-through restaurant. Council noted the recent zoning studies

and approved code for the Main Street/Central Expressway district as well as upcoming zoning studies for the gateway area.

Council Action

Councilmember Mitchell moved to deny the request without prejudice. Councilmember Dunn seconded the motion. A vote was taken and passed with the request denied, 6-0 with Councilmember Solomon absent.

- 6. PUBLIC HEARING TO CONSIDER AN AMENDED PROJECT AND FINANCING PLAN FOR TAX INCREMENT FINANCING REINVESTMENT ZONE NUMBER ONE, CITY OF RICHARDSON, TEXAS.**

Public Hearing

Mayor Maczka opened the Public Hearing. There were no public comments submitted. Councilmember Hartley moved to close the Public Hearing, seconded by Councilmember Voelker and approved 6-0 with Councilmember Solomon absent.

- 7. PUBLIC HEARING TO CONSIDER FINAL PROJECT AND FINANCING PLAN FOR TAX INCREMENT FINANCING REINVESTMENT ZONE NUMBER THREE, CITY OF RICHARDSON, TEXAS.**

Public Hearing

Mayor Maczka opened the Public Hearing. There were no public comments submitted. Councilmember Hartley moved to close the Public Hearing, seconded by Councilmember Voelker and approved 6-0 with Councilmember Solomon absent.

ACTION ITEMS:

- 8. CONSIDER ADOPTION OF ORDINANCE NO. 4100, AMENDING THE BOUNDARIES AND ADOPTING AN AMENDED PROJECT AND FINANCING PLAN FOR TAX INCREMENT FINANCING REINVESTMENT ZONE NUMBER ONE, CITY OF RICHARDSON, TEXAS AND AUTHORIZING THE USE OF CITY TAX INCREMENT TO FUND ECONOMIC DEVELOPMENT INCENTIVES.**

Council Action

Mayor Pro Tem Townsend moved to approve the ordinance as presented. Councilmember Hartley seconded the motion. A vote was taken and passed, 6-0 with Councilmember Solomon absent.

- 9. CONSIDER ADOPTION OF ORDINANCE NO. 4101, ADOPTING THE FINAL PROJECT AND FINANCING PLAN FOR TAX INCREMENT FINANCING REINVESTMENT ZONE NUMBER THREE, CITY OF RICHARDSON, TEXAS.**

Council Action

Councilmember Mitchell moved to approve the ordinance as presented. Councilmember Hartley seconded the motion. A vote was taken and passed, 6-0 with Councilmember Solomon absent.

10. **CONSIDER ADOPTION OF RESOLUTION NO. 15-08, AUTHORIZING THE CITY MANAGER TO NEGOTIATE AND EXECUTE ON BEHALF OF THE CITY AN ECONOMIC DEVELOPMENT AGREEMENT FOR TAX INCREMENT FINANCING REINVESTMENT ZONE NUMBER ONE, CITY OF RICHARDSON, FOR EASTSIDE PHASE 2 WITH AGF GREENVILLE II LTD , ITS RELATED ENTITIES, SUCCESSORS, AND ASSIGNS.**

Council Action

Councilmember Dunn moved to approve the resolution as presented. Mayor Pro Tem Townsend seconded the motion. A vote was taken and passed, 6-0 with Councilmember Solomon absent.

11. **CONSIDER ADOPTION OF RESOLUTION NO. 15-09, AUTHORIZING THE CITY MANAGER TO NEGOTIATE AND EXECUTE ON BEHALF OF THE CITY AN INFRASTRUCTURE REIMBURSEMENT AND ECONOMIC DEVELOPMENT AGREEMENT FOR TAX INCREMENT FINANCING REINVESTMENT ZONE NUMBER THREE FOR SUB AREA NO.1 WITH BCP TIF LLC, A TEXAS LIMITED LIABILITY COMPANY AND BC STATION PARTNERS LP, A TEXAS LIMITED PARTNERSHIP, AND RELATED ENTITIES, SUCCESSORS, AND ASSIGNS.**

Council Action

Councilmember Mitchell moved to approve the resolution as presented. Councilmember Voelker seconded the motion. A vote was taken and passed, 6-0 with Councilmember Solomon absent.

Mayor's Comments

Mayor Maczka acknowledged the TIF Board members and Director of Finance, Kent Pfeil, for their efforts on these projects.

12. **CONSENT AGENDA:**

A. ADOPTION OF THE FOLLOWING ORDINANCES:

1. **ORDINANCE NO. 4102, AMENDING THE COMPREHENSIVE ZONING ORDINANCE AND ZONING MAP TO GRANT A CHANGE IN ZONING TO GRANT A SPECIAL PERMIT WITH CONDITIONS FOR A CARWASH ON A 0.69-ACRE TRACT ZONED LR-M(2) LOCAL RETAIL, LOCATED AT THE SOUTHEAST CORNER OF PLANO ROAD AND E. CAMPBELL ROAD, RICHARDSON, TEXAS.**
2. **ORDINANCE NO. 4103, AMENDING THE COMPREHENSIVE ZONING ORDINANCE AND ZONING MAP TO GRANT A CHANGE IN ZONING TO GRANT A SPECIAL PERMIT WITH CONDITIONS FOR A TEMPORARY OPEN AIR MARKET ON A 7.3-ACRE TRACT ZONED LR-M(2) LOCAL RETAIL, LOCATED WEST OF NANTUCKET DRIVE, ON THE SOUTH SIDE OF W. CAMPBELL ROAD, RICHARDSON, TEXAS.**
3. **ORDINANCE NO. 4104, ADOPTING SUPPLEMENT NO. 23 TO THE CODE OF ORDINANCES.**

B. CONSIDER AWARD OF THE FOLLOWING BIDS:

- 1. BID #42-15 – WE REQUEST AUTHORIZATION TO ISSUE A COOPERATIVE ANNUAL REQUIREMENTS CONTRACT TO APAC TEXAS, INC. FOR HOT MIX ASPHALTIC CONCRETE PAVEMENT CUSTOM CITY MIX THROUGH THE CITY OF GARLAND BID #5009-15 PURSUANT TO UNIT PRICES OF \$60/TON.**

Council Action

Councilmember Hartley moved to approve the consent agenda as presented. Mayor Pro Tem Townsend seconded the motion. A vote was taken and passed, 6-0 with Councilmember Solomon absent.

ADJOURNMENT

With no further business, the meeting was adjourned at 8:11 p.m.

MAYOR

ATTEST:

CITY SECRETARY

MEMO

DATE: March 12, 2015
TO: Honorable Mayor and City Council
FROM: Michael Spicer, Director of Development Services MS
SUBJECT: Zoning File 14-43 – Planned Development – Office Building Remodel

REQUEST

Robert Norris, representing Arapaho Road Property Management, is requesting approval of a change in zoning for a 0.356-acre site located at the southwest corner of Arapaho Road and Newberry Drive from O-M Office to PD Planned Development with modified development standards to accommodate an office building remodel.

The property owner purchased the subject property in 2014 with the intent of remodeling the building, providing new signage and upgraded landscaping, as well as constructing parking along Newberry Drive. The applicant has already started making improvements to the site that do not require zoning approval including the addition of a fence on the south side of the building and the widening of the sidewalk around the building.

BACKGROUND

The applicant's intent is to construct additional parking along Newberry Drive to attract office tenants that desire more parking than required by Code; however, parking is not permitted within the required 30-foot setback in the O-M Office District. In addition to parking along Newberry Drive, the applicant is also requesting to allow a lower percentage of masonry materials (specifically on the north elevation) to update the look of the building with stained cedar.

Due to the placement of the building, size of the site, and the 30-foot setbacks along Arapaho Road and Newberry Drive, there are non-conformities related to driveway spacing, setbacks, landscape buffers, screening, drive aisle widths, and trash service. Although no changes are proposed to resolve these non-conformities, site improvements include the addition of landscaping along both street frontages and along the west property line, remodeling of the building façade, and the addition of a cedar fence to screen the mechanical area on the south side of the building.

Although the Commission supports the applicant's request, they voiced a concern with regard to the absence of a commercial dumpster. The site was previously serviced by the residential trucks utilizing the alley; however, due to the size of the site, it would be difficult to provide an adequate location for the dumpster and screen wall, and on-site maneuverability for the trash truck. The Solid Waste Department stated there were no issues with continuing service in the same manner; however, the Commission recommended that a small wooden trash enclosure be provided along the west property line to screen the trash bags along the alley.

No public input was received at the Commission's February 3, 2015, public hearing.

PLAN COMMISSION RECOMMENDATION

The City Plan Commission, by a vote of 7-0, recommends approval of the request as presented subject to the attached special conditions with an additional condition requiring a wooden trash enclosure. **Should the City Council approve the request, Ordinance No. 4105 is attached and may be approved with the same motion.**

ATTACHMENTS

Special Conditions	Zoning Exhibit (Exhibit "B")
CC Public Hearing Notice	Building Elevations (Exhibit "C")
City Plan Commission Minutes 02-03-2015	Site Photos
Staff Report	Applicant's Statement with Before Photos
Zoning Map	Notice of Public Hearing
Aerial Map	Notification List
Oblique Aerial Looking South	Proposed Ordinance No. 4105

ZF 14-43 Special Conditions

1. An office building shall be allowed as defined in the Comprehensive Zoning Ordinance and limited to the area shown on the attached concept plan, marked as Exhibit “B” and made a part thereof.
2. The office building shall be constructed in substantial conformance with the attached concept plan (Exhibit “B”) and building elevations (Exhibit “C”). The type and percentage of façade materials shall be allowed substantial conformance with Exhibit “C”.
3. The minimum setback along Arapaho Road and Newberry Drive shall be thirty (30) feet. Parking shall be allowed in the 30-foot setback.
4. The minimum building setback along the south property line (rear setback) shall be eight (8) feet. Roof overhang shall be permitted to overhang into the rear setback.
5. The mechanical yard as shown on Exhibit “B” shall be screened by a minimum 6-foot tall cedar fence or masonry wall.
6. In lieu of the required minimum 6-foot masonry wall along the west property line, native grasses shall be planted to screen the parking.
7. The minimum landscape buffer along the Newberry Drive shall be allowed to be less than ten (10) feet wide and shall be provided in substantial conformance with Exhibit “B”. No landscape buffer shall be required along Arapaho Road.
8. Along Arapaho Road, the existing trees, located in the right-of-way, shall satisfy the requirement for street trees as required per the City’s Landscaping Policies. In lieu of a shrub row along Arapaho Road, native grasses shall be required.
9. Along Newberry Drive, a minimum of three (3) canopy and one (1) ornamental tree shall be provided within the landscape buffer. A minimum 3-foot tall hedge row shall also be provided within the landscape buffer.
10. Landscape islands at the end of parking rows shall be required only in the locations as shown on Exhibit “B”.
11. A dumpster and associated screening wall shall not be required. A wooden trash enclosure within the landscape area along the west property line shall be provided.
12. Development plans in conformance with Exhibit “B” and “C” shall be approved administratively.

**City of Richardson
Public Hearing Notice**

The Richardson City Council will conduct a public hearing at 7:00 p.m. on Monday, March 16, 2015, in the Council Chambers, Richardson Civic Center/City Hall, 411 W. Arapaho Road, to consider the following requests.

ZF 14-43

A request by Robert Norris, representing Arapaho Road Property Management, for a change in zoning from O-M Office with special conditions to PD Planned Development to accommodate an office building remodel and to modify site development standards on a property located at the southwest corner of Arapaho Road and Newberry Drive. The property is currently zoned O-M Office.

If you wish your opinion to be part of the record but are unable to attend, send a written reply prior to the hearing date to City Council, City of Richardson, P.O. Box 830309, Richardson, Texas 75083.

The City of Richardson
/s/ Aimee Nemer, City Secretary

**EXCERPT
CITY OF RICHARDSON
CITY PLAN COMMISSION MINUTES –FEBRUARY 3, 2015**

PUBLIC HEARING

Zoning File 14-43 – Office Building: Consider and take necessary action on a request for a change in zoning from O-M Office with special conditions to PD Planned Development to accommodate an office building remodel and to modify site development standards on property located at the southwest corner of Arapaho Road and Newberry Drive.

Mr. Shacklett advised the applicant was requesting to rezone the property to accommodate the remodel of an existing office building taking a four-suite building and converting it to a two-suite building to market to medical tenants. In addition, the applicant was requesting to construct a parking lot on the Newberry Drive side of the property.

Mr. Shacklett noted that some remodeling had already taken place and was allowed under the current zoning, however, construction had stopped on changes to the elevation and removing some of masonry until a zoning change could be presented to the Commission.

Mr. Shacklett reviewed the history of building outlining some of the non-conformities of the site including spacing of the northern driveway from the corner of Arapaho Road; building setbacks; and landscape buffers. He indicated the applicant had already built a 6-foot fence on the south side of the building to screen the mechanical equipment and was requesting a reduced landscape buffer along Newberry Drive to coincide with the requested parking lot and driveway at the southeast corner of the property.

Mr. Shacklett concluded his presentation by noting the site was too small to have a dumpster and the City's sanitation department has been servicing the building similar to residential properties. In addition, the applicant was requesting to forego a masonry screening wall along the alley adjacent to the residential area and instead plant native grasses on that side of the property.

Chairman Hand asked how the applicant was allowed to make some of the changes already completed on the site.

Mr. Shacklett replied he had met with the applicant in August 2014 to discuss some issues including parking, but there was a miscommunication about what changes could be made. Once the applicant was advised that a zoning change would be needed, they stopped all work on the exterior of the building until the request could go through the proper channels.

Commissioner DePuy asked staff to explain comments from the staff report regarding the northern most parking spaces off Newberry Drive.

Mr. Shacklett replied that staff was concerned the parking space extended further east than the adjacent island and could cause a problem for someone turning into the drive aisle. The

applicant was asked to extend the island; however, he was concerned that if the island was extended the parking space would be lost. He added that the applicant was requesting a variance in the special conditions so the island could remain “as shown”.

Commissioner Linn said he had concerns with medical waste if a future tenant was a medical office especially if the trash was being picked up similar to residential services. He asked if there was anywhere on the site where a dumpster could be located.

Mr. Shacklett replied the only possible area would be at the southwest corner, but the sanitation truck would have a very difficult time backing up in the limited space available. He reiterated that the site had been serviced by City sanitation similar to residential customer and the Sanitation Department did not have a concern with continuing the same service.

Commissioner Frederick asked if the applicant would be repaving the current parking lot.

Mr. Shacklett said the current parking lot was asphalt and the applicant would do an asphalt overlay if it meets the City’s codes and standards. He added that the proposed parking on the east side would be concrete.

The Commission had no other questions for staff and Chairman Hand opened the public hearing.

Mr. Robert Norris, 602 Asher Court, Arlington, Texas, owner of the property, stated he was willing to build a small box in the back of the business to hold the trash until it was picked up.

Commissioner Springs asked if the existing pipe rail on the northern parking lot was going to remain.

Mr. Norris said the rail would remain, but it would be painted after the parking lot was overlaid.

No other comments were received in favor or opposed and Chairman Hand closed the public hearing.

Commissioner Linn asked staff how the receptacle mentioned by the applicant could be incorporated into the application.

Mr. Shacklett replied a special condition could be added to the motion.

Chairman Hand suggested adding language to an existing special condition, number eleven (11), stating “...*however, a wooden trash enclosure shall be constructed within the landscape area along the west property line.*”

Commissioner DePuy asked if the Sanitation Department did not approve a location and the verbiage was made part of the special conditions, what the impact would be on the application.

Mr. Shacklett said he did not think a small enclosure or box would be an issue for the Sanitation Department.

Motion: Commissioner DePuy made a motion to recommend approval of Zoning File 14-43 as presented with the added condition of constructing a wooden trash enclosure along the west property line; second by Commissioner Linn. Motion approved 7-0.

Staff Report

TO: City Council

THROUGH: Michael Spicer, Director of Development Services **MS**

FROM: Sam Chavez, Assistant Director – Development Services **SC**

DATE: March 12, 2015

RE: **Zoning File 14-43:** Planned Development – Southwest corner of Arapaho Road and Newberry Drive.

REQUEST:

Approval of a change in zoning from O-M Office with special conditions to PD Planned Development with modified site development standards to accommodate an office building remodel.

APPLICANT & PROPERTY OWNER:

Robert Norris – Arapaho Road Property Management

EXISTING DEVELOPMENT:

A 3,450-square foot multi-tenant, office building that is currently being remodeled.

ADJACENT ROADWAYS:

Arapaho Road: Six-lane, divided arterial; 27,900 vehicles per day on all lanes, eastbound and westbound, east of Newberry Drive (February 2013).

Newberry Drive: Two-lane, undivided neighborhood collector; no traffic counts available.

SURROUNDING LAND USE AND ZONING:

North: Retail/Commercial; LR-M(2) Local Retail
South: Neighborhood Service; O-M Office
East: Retail/Commercial; C-M Commercial
West: Single Family; R-1500-M Residential

FUTURE LAND USE PLAN:

Enhancement/Redevelopment

These are areas where reinvestment and redevelopment is encouraged. Further study may be necessary to understand the full potential for redevelopment. This property is located in the West Arapaho enhancement/redevelopment area. Enhancement/redevelopment should

include residential uses such as duplexes, townhomes, or senior housing with a focus on better serving the office and retail needs of the surrounding neighborhoods.

Future Land Uses of Surrounding Area:

North: Enhancement/Redevelopment
South: Enhancement/Redevelopment
East: Enhancement/Redevelopment
West: Neighborhood Residential

EXISTING ZONING:

O-M Office with special conditions (Ordinance Number 2882-A).

INFRASTRUCTURE IMPACTS:

The requested zoning change will not have any significant impacts on the existing utilities or traffic in the area.

APPLICANT’S STATEMENT

(Please refer to the complete Applicant’s Statement.)

STAFF COMMENTS:

Request:

The owner purchased the subject 0.356-acre site in 2014 with the intent of remodeling the existing office building, making site improvements including new signage and upgraded landscaping as well as construction of additional park along Newberry Drive which is currently a landscaped area. The O-M Office zoning prohibits parking within the required 30-foot front yard setback; therefore, the owner is requesting a PD Planned Development Zoning District to allow for parking along the east side of the building and to address existing non-conforming issues on the site related to landscape islands and buffers, driveway and parking lot configuration, trash service, and screening. In addition, the owner has presented a zoning exhibit (Exhibit “B”) and building elevations (Exhibit “C”) to be attached the PD.

To date, the owner has made on-site improvements which are allowed under the current regulations and include the expansion of the sidewalk around the building, and the construction of a 6-foot fence on the south side of the building to screen mechanical equipment.

In addition, the owner has also begun remodeling of the building façade including the repainting of existing brick, the addition of cedar planks as building accents (placed over the brick), as well as the removal/replacement of doors and windows. The owner also removed brick along the north, east, and west elevations with the intent of replacing the brick with cedar, but was informed by staff that replacement of the brick on the north elevation with cedar did not comply with the minimum 85% masonry requirement currently in place. The owner ceased work on these areas and awaits conclusion of the zoning process. As part of the PD request, the owner is requesting to allow changes to the building façade in conformance with Exhibit “C”.

Site Details:

- Building Size: 3,450-square foot office building.
- Building Materials: Primarily brick, with 1'x8' cedar planks placed on top of the brick as well as cedar being used around new doors and windows in lieu of brick. The proposed building is approximately 78% masonry overall with the other 22% being doors/windows as well as cedar. On the east elevation, additional cedar is utilized but as a decorative element on top of brick (north end of east elevation). **(Owner is requesting to allow reduced masonry percentages – typical non-residential requirement is 85% masonry overall with no single elevation being less than 80% masonry)**
- Setbacks and Landscape Buffer:
 - **Front: 30 feet along Arapaho Road and Newberry Drive (Typical setback in O-M Office District prohibits parking in the setback; request to allow parking in 30-foot setback as part of PD).**
 - Landscape Buffers: No buffer currently provided along Arapaho Road adjacent to parking spaces. Proposed 5.5-foot buffer along Newberry Drive **(Owner is requesting to allow reduced landscape setback buffer in lieu of 30-foot landscape setback. The owner proposes to provide additional canopy and ornamental trees and shrubs along Newberry Drive to partially comply with City's Landscaping Policies)**
 - Side: 10 feet along west property line/46 feet adjacent to residential zoning district (existing building complies)
 - Rear: 20 feet along south property line **(Owner is requesting to allow a reduced rear setback as part of PD).**
- Height: 14'6" (midpoint of roof) / max 25' allowed
- Floor Area Ratio: 0.23:1 proposed / max 0.75 allowed
- Landscaping Percentage: 11.7% proposed, 7% required
- Building Orientation: The building provides main entrances along the north elevation facing Arapaho Road and east elevation facing Newberry Drive. Additional employee entrances will be provided along the west elevation.
- Number of Parking Spaces: 19 proposed; 14 required.

Design Elements Related to the Request:

Driveway Locations and Parking along Newberry Drive –The owner is proposing to add a driveway near the southeast corner of the subject property to allow for a one-way driveway with angled parking along the east side of the building. There is an existing driveway located at the northeast corner of the subject property.

Since Newberry Drive is classified as a collector street, the minimum distance for a driveway from an intersection is eighty-five (85) feet. The existing driveway is approximately thirty (30)

feet south of the Arapaho Road intersection; however, this is an existing driveway and is necessary to provide access to the existing drive aisle on the north side of the building.

The minimum spacing required between driveways along collector streets is one-hundred (100) feet. The proposed driveway along Newberry Drive is located fifty (50) feet north of the existing driveway on the property to the south and approximately seventy-seven (77) feet from the existing northern driveway. Although the driveways do not meet the spacing standards, it is not expected that traffic issues will arise due to their location and without the addition of the driveway along Newberry Drive; additional parking along building's east side cannot be achieved.

The site currently provides adequate parking for office uses; however, the owner has stated their goal is to market the property to medical office tenants which will typically demand more parking than City Code requires. The building was previously occupied by four (4) tenants; the owner's goal is to lease the entire building to either one (1) or two (2) medical office tenants.

Staff's concern relates to the northern most parking space adjacent to the building along Newberry Drive. As shown on Exhibit "B", the new landscape island does not extend to the end of the parking space, thus leaving the vehicle unprotected from vehicles turning from the driveway along the north side of the building into the one-way driveway along Newberry Drive. The owner's intent is to add as many parking spaces as possible, and by extending the landscape island any further, the subject parking space would need to be removed.

Staff also requested that landscape islands along the west side of the building at the end of parking rows be constructed to comply with the City's Landscaping Policies. Since there are currently no landscape islands on that side of the building and in an effort to achieve maximum parking, the owner's preference would be to add striped islands to denote the end of parking rows. The parking space at the northwest corner of the building is less likely to be at risk of being struck by another vehicle due to the turning movements from the northern driving aisle.

Reduced Setbacks - The O-M Office District requires a 30-foot setback for buildings and parking and the property is subject to this regulation along Arapaho Road and Newberry Drive. Although the building complies with the required setback, parking exists in the 30-foot setback along Arapaho Road. The site plan was approved in 1963 and likely predated the current requirements.

The 30-foot building and parking setback is provided along Newberry Drive, but as part of the PD request, the owner's request is to allow parking in the front setback. The property to the south; also zoned O-M Office, complies with the setback; however, the proposed design would be consistent with the retail development located directly across Newberry Drive. The owner proposes to maintain a 5.5-foot landscape buffer along Newberry Drive planted with screening shrubs and trees to screen the parking area.

Building Elevations – The building; predominately brick with small amounts of wood used above doors and windows on the north, east, and west elevations will be updated by repainting the brick and by removing and replacing doors/windows. The doors/windows on the north elevation are being replaced with smaller windows framed by stained cedar extending from the sidewalk up to the soffit. This elevation will be approximately 36.2% masonry and 35.3% cedar

with the remaining wall area being doors and windows. The other three (3) elevations will be between 82% and 100% masonry as shown on Exhibit “C”. Decorative cedar planks will also be utilized on the north side of the east elevation to give the building a more updated look.

Landscaping – Even though the landscaping along the east side of the building will be removed, the site will still comply with the minimum 7% landscaping required for the site. As shown on Exhibit “B”, approximately 11.7% of the site would be landscaped. In addition to the minimum percentage of landscaping required by Chapter 21 of the Code of Ordinances, City Landscaping Policies with regard to landscape buffers along street frontages, street tree requirements, and landscape islands are apply. The owner is proposing to update landscaping on portions of the site and intends to utilize native, drought-tolerant landscaping that he feels provides a modern look that complements the updated building elevations.

The Landscaping Policies require a 10-foot buffer along streets in which parking lot screening shrubs along with canopy and ornamental trees are to be planted. Along Arapaho Road, there is currently no landscape buffer and no changes are proposed. However, the owner proposes to plant native grasses in lieu of shrubs along Arapaho Road (located in the right-of-way behind the sidewalk). Within the landscape buffer, one (1) canopy and one (1) ornamental tree are required for every fifty (50) lineal feet of frontage. Along Arapaho Road, three (3) of each would be required. There are currently two (2) canopy trees and one (1) ornamental tree along Arapaho Road (located in the right-of-way). The owner does not intend to install additional trees along Arapaho Road because they would have to be in the right-of-way and there are overhead power lines that are relatively low and already conflict with the existing canopy trees.

Along Newberry Drive, the owner proposes to provide a 5.5-foot landscape buffer in lieu of a 10-foot buffer. The parking and driving aisle cannot be provided if the buffer is increased to ten (10) feet. The owner intends to place a minimum of three (3) canopy trees and one (1) ornamental tree in the buffer. Three (3) of each are required, but due to the short length of the frontage and the location of two (2) driveways on site, the owner is not sure if there is room for the two (2) additional ornamental trees. The owner will also place screening shrubs along Newberry to further screen the parking area.

The Landscaping Policies also require a landscape island with a canopy tree at the end of parking rows. In the new parking area, the owner will provide landscape islands with a canopy tree although they will not extend to the end of the parking rows as discussed above. The owner does not intend to provide additional landscape islands at the end of existing parking rows however.

Existing Non-Conformities – Due to age of the site, there are many existing non-conformities that will not be required to be addressed. Below is a brief description of some of the major non-conforming site issues:

- Rear Setback – The O-M Office District requires a minimum 20-foot rear setback. Along the south property line, the building is set back approximately eight (8) feet. A new fence has been constructed along the rear wall to screen mechanical areas however.
- Trash Service – The site currently does not provide a dumpster. Since the site shares an alley with a residential neighborhood, they have typically been served by residential service where trash bags are set out along the alley on specific trash pick-up days. Due to

the size of the site, it does not appear there is adequate space to place a dumpster on-site while allowing adequate maneuverability for the truck. The owner states the residential service would be adequate for his intended tenants.

- Driving Aisle – The existing driving aisle along the north side of the building is a two-way drive serving head-in parking. The aisle is just over eighteen (18) feet in width; however, the minimum allowed for a non-fire lane, two-way driveway is 22’10”. Since the parking spaces are sixteen (16) feet deep and the building and sidewalk are existing, there is no additional room in which to increase the driving aisle width.
- Screening – Along the west property line, the City’s Subdivision and Development Code (Chapter 21) requires a minimum 6-foot wall since the property is adjacent to residentially zoned property. Currently, no screening wall exists, and the owner does not intend to construct one. Rather he intends to place native grasses along the alley to screen the parking area.

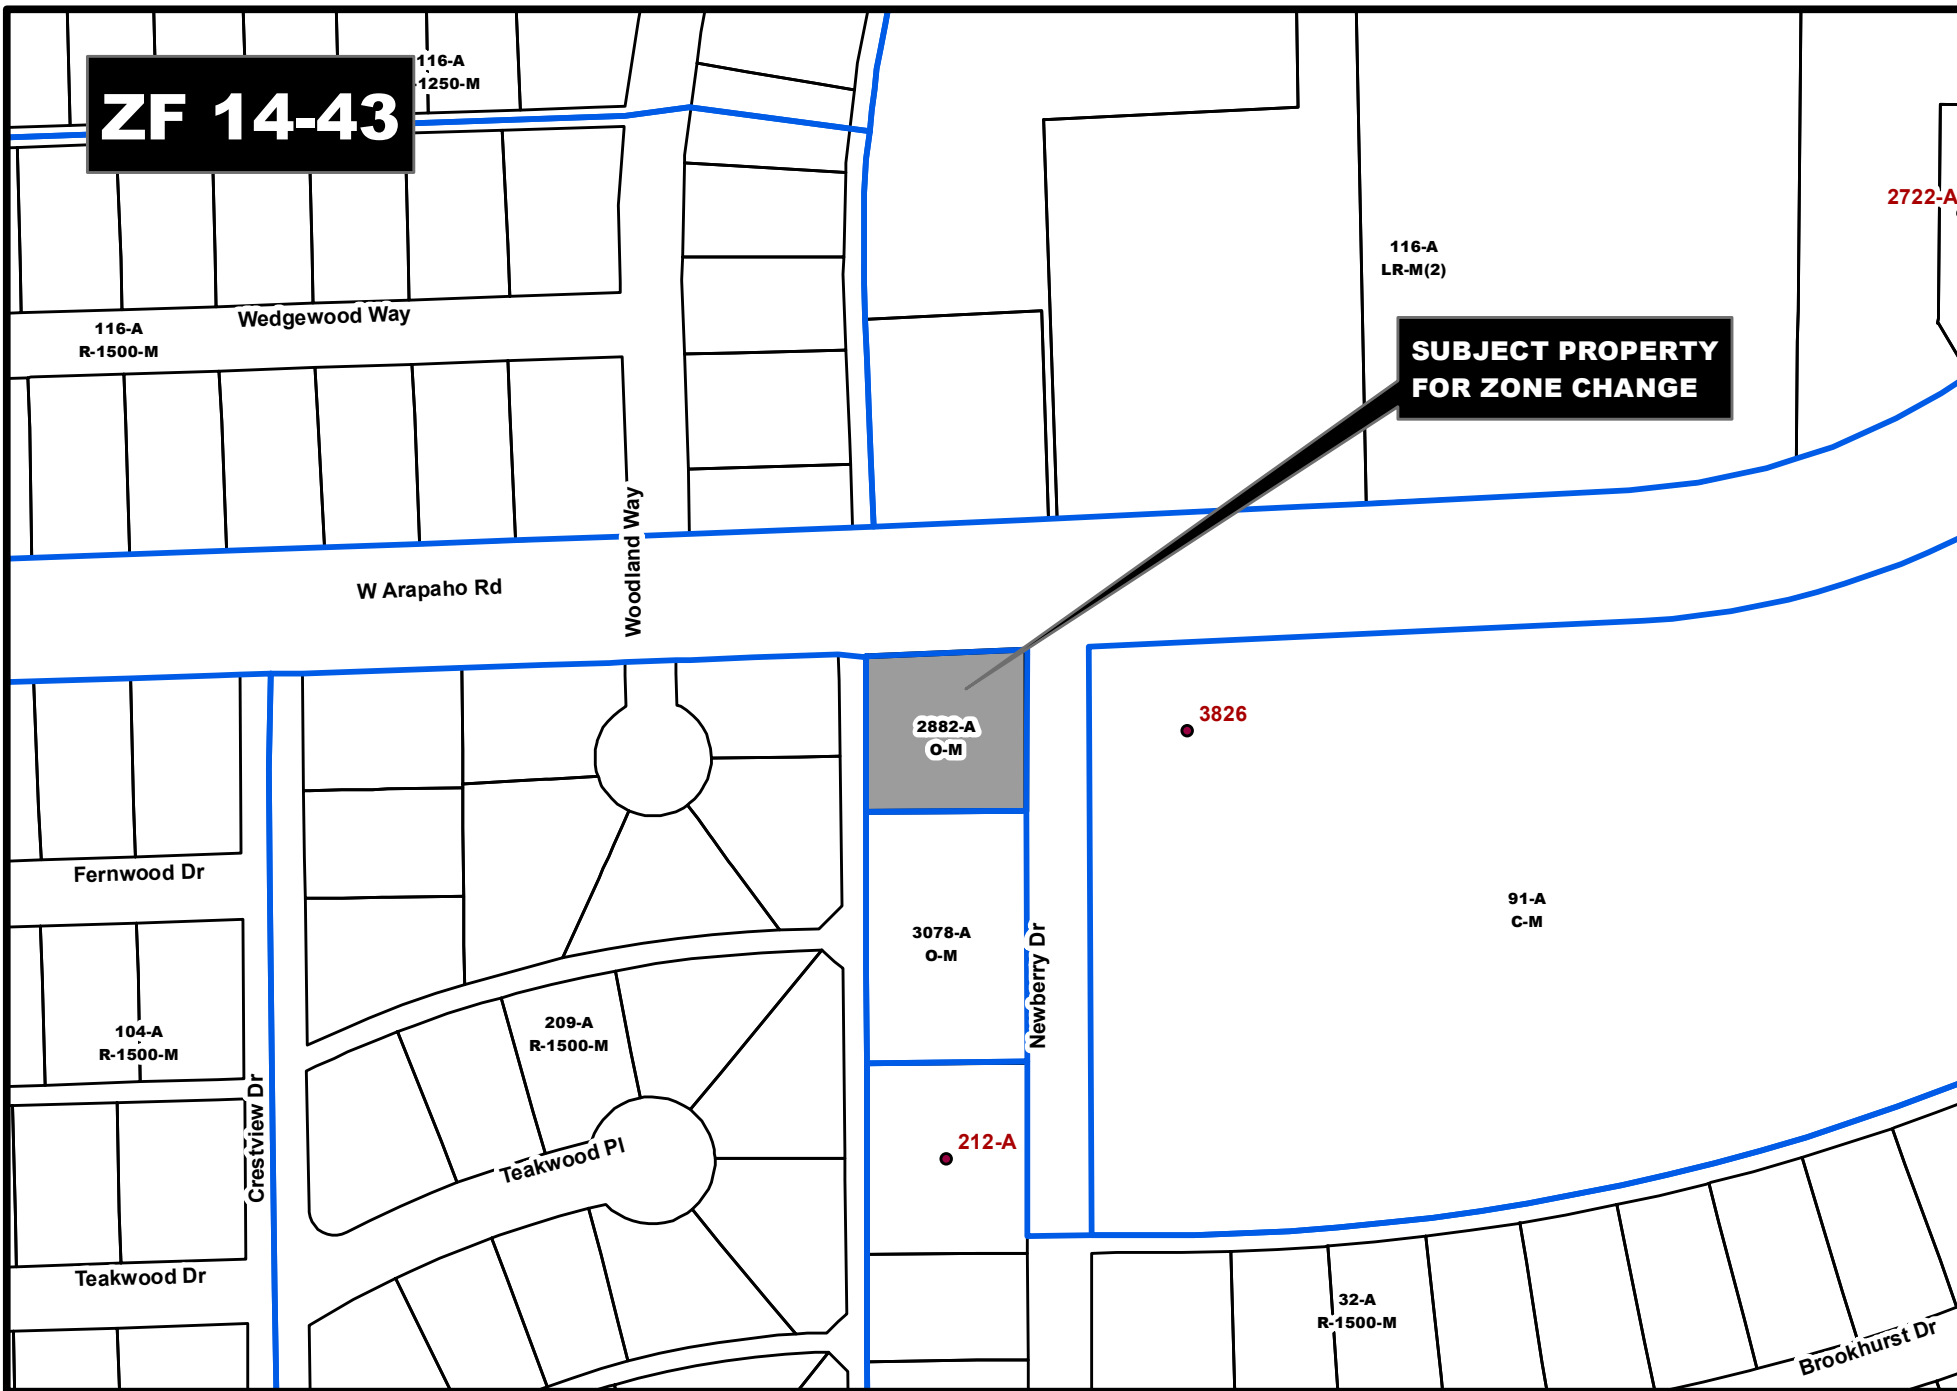

Correspondence: As of this date, no correspondence has been received.

Motion: On February 3, 2015, the City Plan Commission recommended approval of the request as presented on a vote of 7-0 subject to the following special conditions along with the additional condition shown in bold text below:

The subject site shall be zoned PD Planned Development for the O-M Office District, and shall be developed in substantial conformance with the concept plan attached hereto as Exhibit “B” (the “Concept Plan”) and in accordance with all applicable regulations of the O-M Office District, subject to the following development standards:

1. An office building shall be allowed as defined in the Comprehensive Zoning Ordinance and limited to the area shown on the attached concept plan, marked as Exhibit “B” and made a part thereof.
2. The office building shall be constructed in substantial conformance with the attached concept plan (Exhibit “B”) and building elevations (Exhibit “C”). The type and percentage of façade materials shall be allowed substantial conformance with Exhibit “C”.
3. The minimum setback along Arapaho Road and Newberry Drive shall be thirty (30) feet. Parking shall be allowed in the 30-foot setback.
4. The minimum building setback along the south property line (rear setback) shall be eight (8) feet. Roof overhang shall be permitted to overhang into the rear setback.
5. The mechanical yard as shown on Exhibit “B” shall be screened by a minimum 6-foot tall cedar fence or masonry wall.

6. In lieu of the required minimum 6-foot masonry wall along the west property line, native grasses shall be planted to screen the parking.
7. The minimum landscape buffer along the Newberry Drive shall be allowed to be less than ten (10) feet wide and shall be provided in substantial conformance with Exhibit “B”. No landscape buffer shall be required along Arapaho Road.
8. Along Arapaho Road, the existing trees, located in the right-of-way, shall satisfy the requirement for street trees as required per the City’s Landscaping Policies. In lieu of a shrub row along Arapaho Road, native grasses shall be required.
9. Along Newberry Drive, a minimum of three (3) canopy and one (1) ornamental tree shall be provided within the landscape buffer. A minimum 3-foot tall hedge row shall also be provided within the landscape buffer.
10. Landscape islands at the end of parking rows shall be required only in the locations as shown on Exhibit “B”.
11. A dumpster and associated screening wall shall not be required. **A wooden trash enclosure within the landscape area along the west property line shall be provided.**
12. Development plans in conformance with Exhibit “B” and “C” shall be approved administratively.

Explanation and Description of Request:

Property: 891 W Arapaho Road, Richardson, TX 75080

In May of 2014 my son and I enlisted a commercial real estate agent familiar with the North Dallas market to do a study of smaller commercial properties in the North Dallas area. After several days of reviewing properties, we discovered the above referenced property. The pictures of the property revealed that the property was neglected and run down. It was at that time, we drove to the property and discovered that everything in the pictures were true, the property had not been improved and actually seemed to be in worse shape than the pictures revealed. The building was only 25% occupied and after viewing the 75% of unoccupied space, it seemed to be in such bad shape that it would be difficult to rent. This was the type of building that we were looking for, something that if we could buy it and improve it, the whole neighborhood would benefit from it. After considerable due diligence and communication with the City of Richardson and the Chamber of Commerce, we bought the building.

Our intentions were to improve the property and building with new parking lot, new monument sign, new landscape, and major improvements to the building. Our intentions were to attract professional organizations to the property. By doing so, we would need to add parking on the East side of the building to attract a professional organization to the South building suite. This would allow their clients to access the South building suite front door located about thirty-five feet from the South end of the building.

Notice of Public Hearing

City Plan Commission • Richardson, Texas

An application has been received by the City of Richardson for a:

PLANNED DEVELOPMENT

File No./Name: ZF 14-43 / Office Building Remodel
Property Owner: Robert Norris / Arapaho Road Property Management
Applicant: Robert Norris / Arapaho Road Property Management
Location: 891 W. Arapaho Road (See map on reverse side)
Current Zoning: O-M Office with special conditions
Request: A request for a change in zoning from O-M Office with special conditions to PD Planned Development to modify site development standards to accommodate an office building remodel for property located at 891 W. Arapaho Road, the southwest corner of Arapaho Road and Newberry Drive.

The City Plan Commission will consider this request at a public hearing on:

TUESDAY, FEBRUARY 3, 2015
7:00 p.m.
City Council Chambers
Richardson City Hall, 411 W. Arapaho Road
Richardson, Texas

This notice has been sent to all owners of real property within 200 feet of the request; as such ownership appears on the last approved city tax roll.

Process for Public Input: A maximum of 15 minutes will be allocated to the applicant and to those in favor of the request for purposes of addressing the City Plan Commission. A maximum of 15 minutes will also be allocated to those in opposition to the request. Time required to respond to questions by the City Plan Commission is excluded from each 15 minute period.

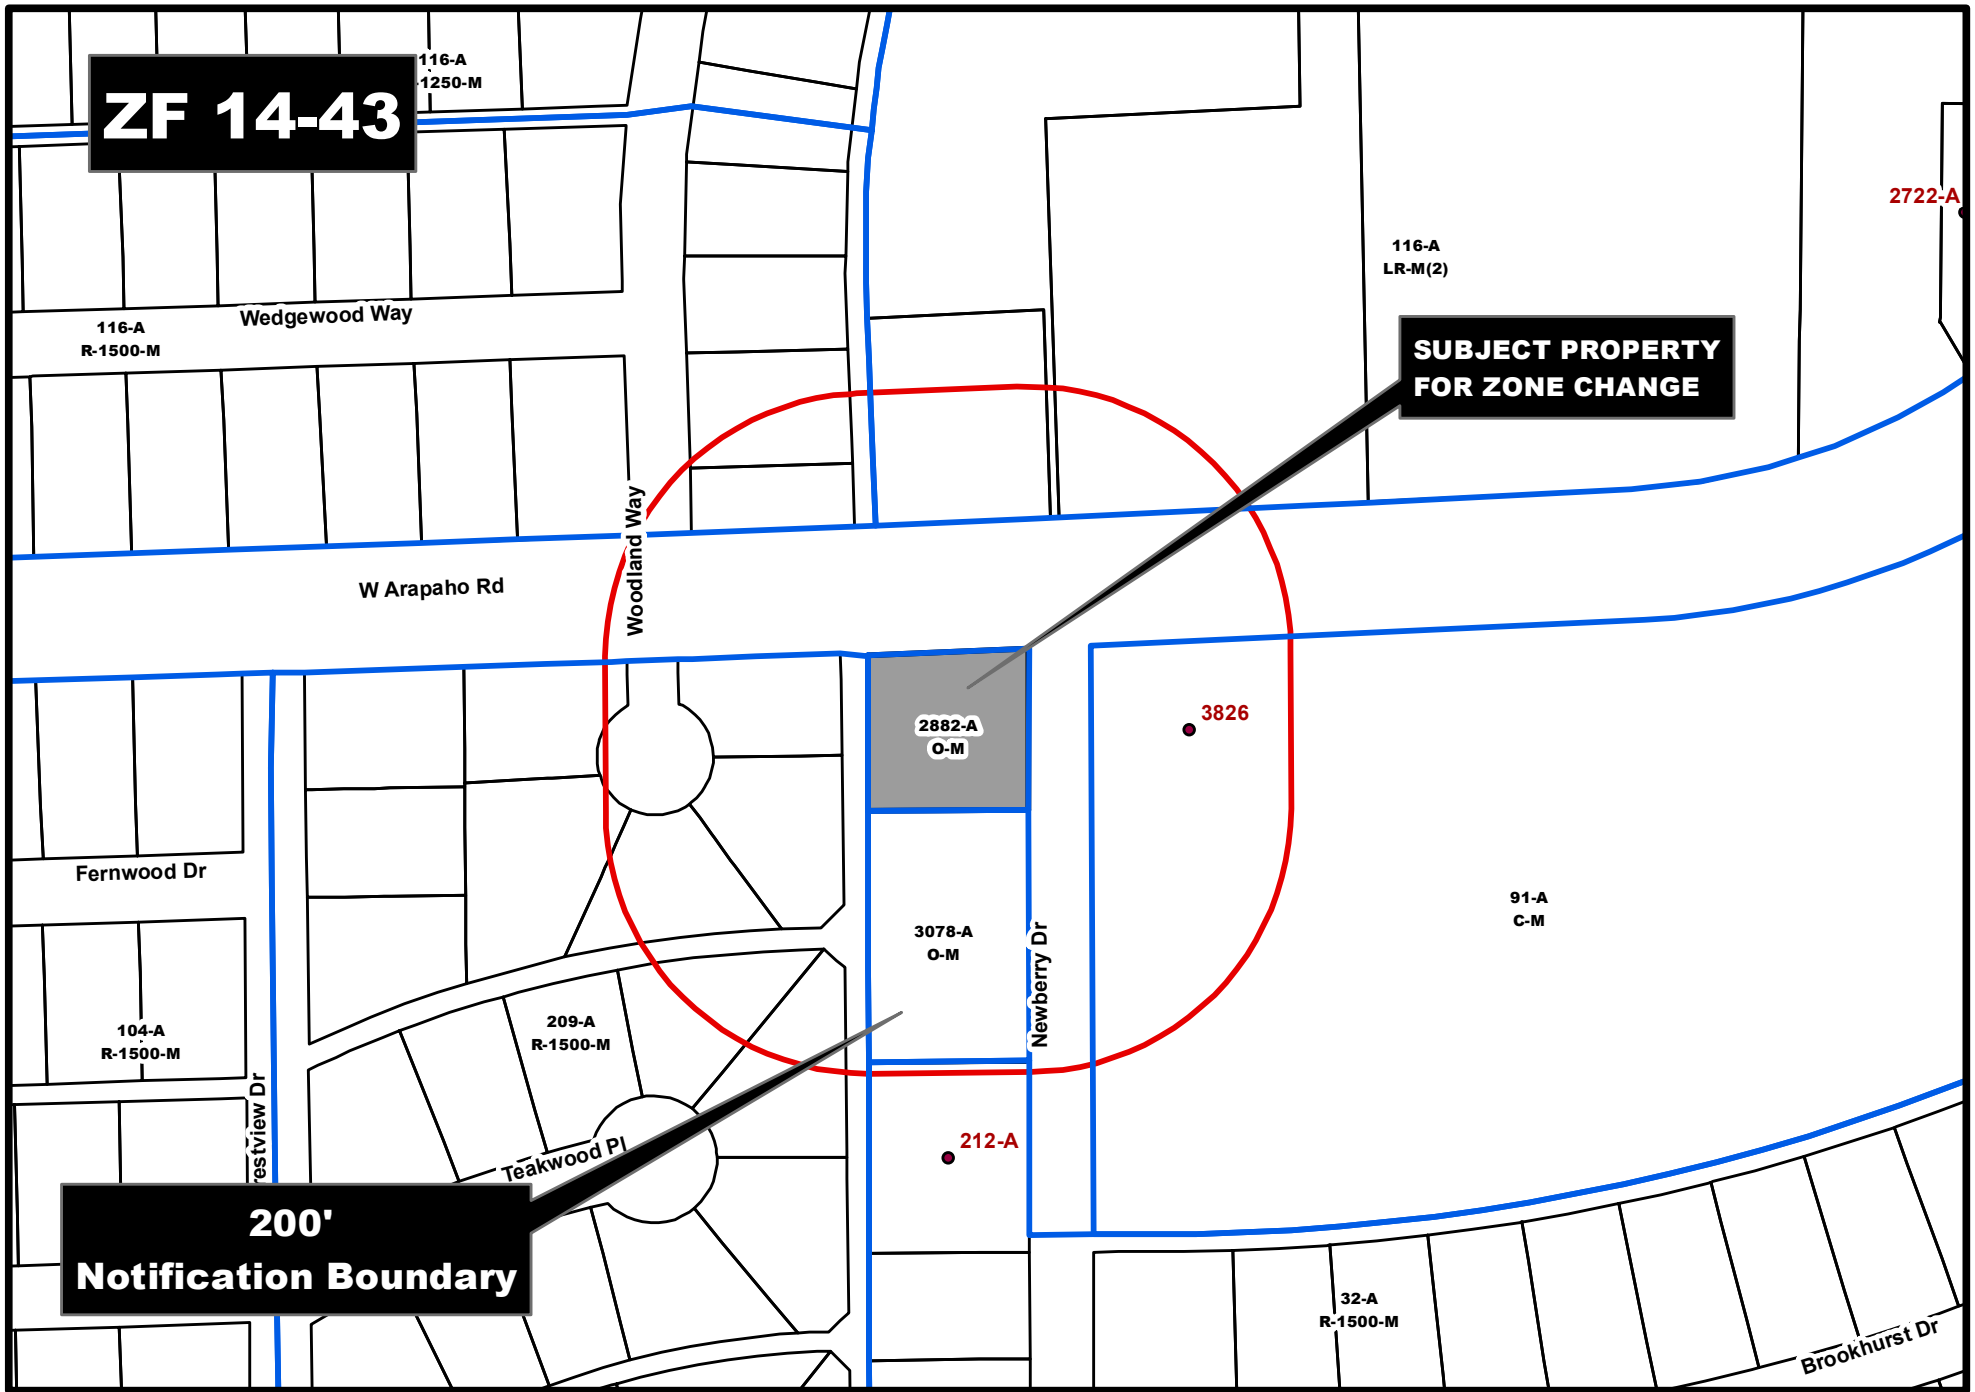

Persons who are unable to attend, but would like their views to be made a part of the public record, may send signed, written comments, referencing the file number above, prior to the date of the hearing to: Dept. of Development Services, PO Box 830309, Richardson, TX 75083.

The City Plan Commission may recommend approval of the request as presented, recommend approval with additional conditions or recommend denial. Final approval of this application requires action by the City Council.

Agenda: The City Plan Commission agenda for this meeting will be posted on the City of Richardson website the Saturday before the public hearing. For a copy of the agenda, please go to: <http://www.cor.net/index.aspx?page=1331>.

For additional information, please contact the Dept. of Development Services at 972-744-4240 and reference Zoning File number ZF 14-43.

ORDINANCE NO. 4105

AN ORDINANCE OF THE CITY OF RICHARDSON, TEXAS, AMENDING THE COMPREHENSIVE ZONING ORDINANCE AND ZONING MAP OF THE CITY OF RICHARDSON, AS HERETOFORE AMENDED, BY GRANTING A CHANGE IN ZONING FROM O-M OFFICE WITH SPECIAL CONDITIONS TO PD PLANNED DEVELOPMENT FOR O-M OFFICE DISTRICT USES FOR A 0.356-ACRE TRACT LOCATED AT THE SOUTHWEST CORNER OF ARAPAHO ROAD AND NEWBERRY DRIVE, RICHARDSON, TEXAS, AND BEING FURTHER DESCRIBED IN EXHIBIT “A”; PROVIDING A SAVINGS CLAUSE; PROVIDING A REPEALING CLAUSE; PROVIDING A SEVERABILITY CLAUSE; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS (\$2,000.00) FOR EACH OFFENSE; AND PROVIDING AN EFFECTIVE DATE. (ZONING FILE 14-43).

WHEREAS, the City Plan Commission of the City of Richardson and the governing body of the City of Richardson, in compliance with the laws of the State of Texas and the ordinances of the City of Richardson, have given requisite notice by publication and otherwise, and after holding due hearings and affording a full and fair hearing to all property owners generally and to all persons interested and situated in the affected area and in the vicinity thereof, the governing body, in the exercise of the legislative discretion, has concluded that the Comprehensive Zoning Ordinance and Zoning Map should be amended; **NOW THEREFORE**,

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF RICHARDSON, TEXAS:

SECTION 1. That the Comprehensive Zoning Ordinance and Zoning Map of the City of Richardson, Texas, duly passed by the governing body of the City of Richardson on the 5th day of June, 1956, as heretofore amended, be, to grant a change in zoning from O-M Office with special conditions to PD Planned Development for O-M Office District uses for a 0.356-acre tract located at the southwest corner of Arapaho Road and Newberry Drive, Richardson, Texas, and being more particularly described in Exhibit “A” attached hereto and made a part hereof for all purposes.

SECTION 2. That the Property shall be used and developed in accordance with the development regulations set forth below:

1. Base Zoning District. The property shall be used and developed in substantial conformance with the concept plan attached hereto as Exhibit “B” (the “Concept

Plan”), which is hereby approved and made a part hereof for all purposes. The property shall be developed and used in accordance with the O-M Office District Zoning District Regulations except as otherwise provided herein.

2. Office Building. An office building shall be allowed as defined in the Comprehensive Zoning Ordinance and limited to the area shown on the Concept Plan. The office building shall be constructed in substantial conformance with the Concept Plan and building elevations attached as Exhibit “C”. The type and percentage of façade materials shall be in substantial conformance with Exhibit “C”.
3. The minimum setback along Arapaho Road and Newberry Drive shall be thirty (30) feet. Parking shall be allowed in the 30-foot setback.
4. The minimum building setback along the south property line (rear setback) shall be eight (8) feet. Roof overhang shall be permitted to overhang into the rear setback.
5. The mechanical yard as shown on the Concept Plan shall be screened by a cedar fence or masonry wall six (6) feet in height.
6. In lieu of the required minimum 6-foot masonry wall along the west property line, native grasses shall be planted to screen the parking.
7. The minimum landscape buffer along the Newberry Drive shall be allowed to be less than ten (10) feet wide as set forth in the Concept Plan. No landscape buffer shall be required along Arapaho Road.
8. Along Arapaho Road, the existing trees located within the right-of-way shall satisfy the requirement for street trees as required per the City’s Landscaping Policies. In lieu of a shrub row along Arapaho Road, native grasses shall be required.
9. Along Newberry Drive, a minimum of three (3) canopy and one (1) ornamental tree in accordance with the City Landscape Policies shall be provided within the landscape buffer. A minimum 3-foot tall hedge row in accordance with the City Landscape Policies shall also be provided within the landscape buffer.
10. Landscape islands at the end of parking rows shall be required at the locations as shown on the Concept Plan.
11. A trash dumpster and associated screening wall shall not be required. A wooden trash enclosure within the landscape area along the west property line shall be provided.

12. Site plans, landscape plans and building elevations in conformance with the Concept Plan and Exhibit “C” may be approved administratively by the Director of Development Services or designee.

SECTION 3. That the above-described tract of land shall be used in the manner and for the purpose provided for by the Comprehensive Zoning Ordinance of the City of Richardson, Texas, as heretofore amended, and subject to the aforementioned special conditions.

SECTION 4. That all provisions of the ordinances of the City of Richardson in conflict with the provisions of this Ordinance be, and the same are hereby, repealed, and all other provisions of the ordinances of the City of Richardson not in conflict with the provisions of this Ordinance shall remain in full force and effect.

SECTION 5. That should any sentence, paragraph, subdivision, clause, phrase or section of this Ordinance be adjudged or held to be unconstitutional, illegal or invalid, the same shall not affect the validity of this Ordinance as a whole, or any part or provision thereof other than the part so decided to be invalid, illegal or unconstitutional, and shall not affect the validity of the Comprehensive Zoning Ordinance as a whole.

SECTION 6. That an offense committed before the effective date of this Ordinance is governed by prior law and the provisions of the Comprehensive Zoning Ordinance, as amended, in effect when the offense was committed and the former law is continued in effect for this purpose.

SECTION 7. That any person, firm or corporation violating any of the provisions or terms of this Ordinance shall be subject to the same penalty as provided for in the Comprehensive Zoning Ordinance of the City of Richardson, as heretofore amended, and upon conviction shall be punished by a fine not to exceed the sum of Two Thousand Dollars

(\$2,000.00) for each offense; and each and every day such violation shall continue shall be deemed to constitute a separate offense.

SECTION 8. That this Ordinance shall take effect immediately from and after its passage and the publication of the caption, as the law and charter in such case provide.

DULY PASSED by the City Council of the City of Richardson, Texas, on the 16th day of March, 2015.

Applicant: Brad Moss, Kimley-Horn & Associates, Inc.

Project Name: Project Black Flag

Location: 1402 E. Lookout Drive
The property is located at the southeast corner of Plano Road and Lookout Drive.

Request: This is a request for approval of a variance to the City of Richardson Subdivision and Development Code, Chapter 21, Article III, Section 21-52(i), Off-street Parking, for a reduction in the parking ratio for a data center.

The property owner requests a reduced parking ratio of 1 space for every 5,000 square feet instead of 1 space for every 1,000 square feet of building area designated for a data center use (the City's standard ratio for warehouse use).

CPC Action: On February 3, 2015 the City Plan Commission unanimously recommended approval of the request.

Notification: This request is not a public hearing and specific notification is not required by State law. As courtesy, adjacent property owners affected by the variance request received written notification.

Correspondence: No written correspondence has been received to date.

DEVELOPMENT SUMMARY

Land Area:	14.93-acres (620,287 square feet)
Zoning:	I-M(1) Industrial District
Ordinance:	228-A
Special Conditions:	None
Adjacent Land Use/Zoning:	
North (across Lookout Drive)	Vacant meat processing plant/I-M(1) Industrial District
East	Undeveloped/I-M(1) Industrial District
South	Single Family Residential (Owens Park)/R-1100-M Residential District
West (across Plano Road)	Office/Medical Rehabilitation Hospital/I-M(1) Industrial District

BACKGROUND INFORMATION

Staff Background: A data center is a facility used for housing a large amount of electronic equipment, typically computers and communication equipment. Data centers contain a set of routers and switches that transport traffic between the servers and the outside world. The City of Richardson does not have a specific parking ratio for a data center and typically this use is parked as warehouse at a ratio of 1 space for every 1,000 square feet of building area.

On December 2, 2014 KDC received approval from the City Plan Commission to construct a 129,150 square foot data center; 119,720 square feet (93%) of data center and 9,430 square feet (7%) of office. By code, 130 parking spaces are required at a ratio of 1 space/1000 square feet of warehouse (equipment and storage) and 1 space/ 300 square feet of office; the approved site plan provides 134 parking spaces. In speaking with staff, KDC chose to move forward to receive approval of the site plan in compliance with

the parking regulation so construction could begin while they applied for the variance. KDC understands that should the variance be denied, the parking must be constructed in accordance with the approved site plan.

The applicant states typically data centers maintain a very low percentage of occupants, usually within the office area, and a few visitors and contractors. The data center and support space are deemed to be a “lights-out facility” that utilizes staff from the office area. It is anticipated the Project Black Flag facility will have a maximum of 20 employees for the daytime shift, which is the maximum number of employees. The facility is secured, so visitors must schedule an appointment to gain entrance. Typically there are no more than 5 visitors, including contractors, during the day shift.

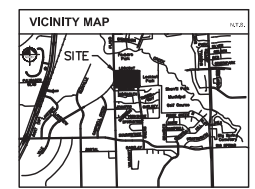

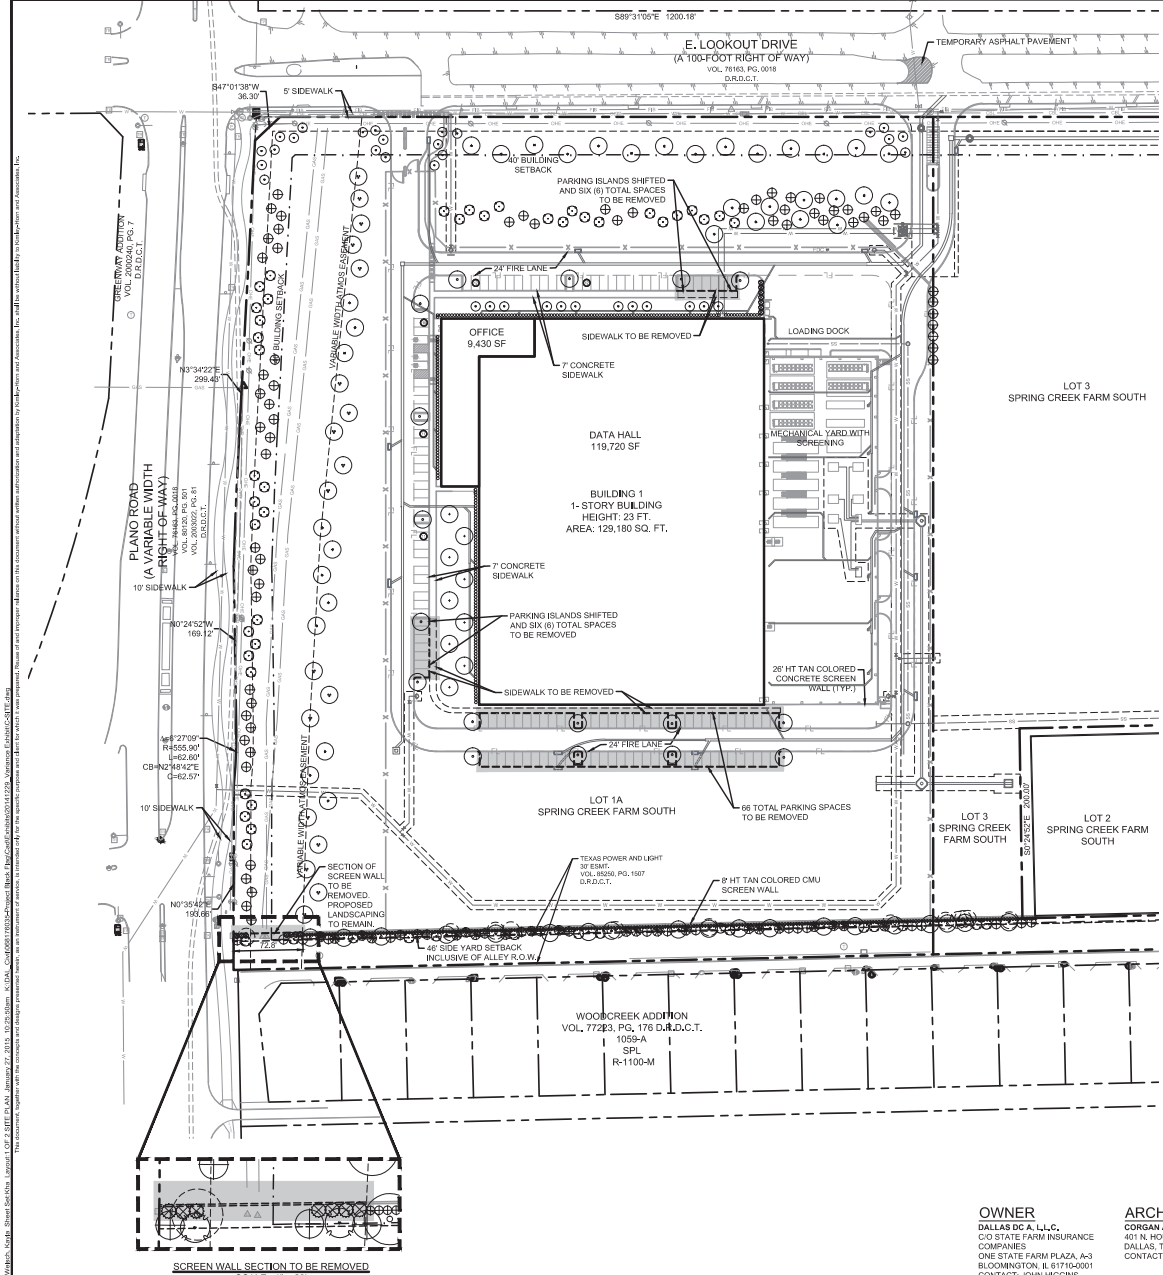

The requested parking ratio for the project requires 56 parking spaces:

Office	9,430 SF/300	= 32 spaces
Data Center	119,720 SF/5000	= 24 spaces

The proposed parking ratio exceeds 200% of the actual maximum expected occupancy (20 employees and 5 visitors/contractors), and provides an additional 31 spaces.

Corgan has been involved with three data center projects, and has fashioned the proposed parking ratio of 1/5000 square feet of building area for a data center, which is consistent with their Digital Realty Trust Marsh Lane Data Center in the City of Carrollton, TX.

There has been one (1) previous request to reduce the parking ratio for a data center. In July of 2007, The City granted a parking variance to Digital Realty Trust Data Center Park to allow a parking ratio of 1 space/3000 square feet of data center.

Regarding	Variances 15-01 (Off-street parking) 15-02 (Screening)	Project	Black Flag 1402 E. Lookout Drive

VAR 15-01

Section 21-52 (Off-street parking).

On December 2, 2014, KDC received site plan approval from the City Plan Commission for the development of a 129,150 square foot data center; this includes approximately 9,430 square feet (7%) of office. The City does not have a specific parking ratio for a data center, so this use utilizes the parking ratio of a “showroom or warehouse”. As required by Code, 130 parking spaces are required at a ratio of 1 parking space for every 1,000 square feet. The project actually provides 134 parking spaces including 4 accessible spaces. In speaking with staff, KDC chose to move forward to receive approval for the site plan in compliance with the parking regulation so construction could begin while they applied for the proper variance. KDC understands that should the variance be denied, the parking must be constructed in accordance with the approved site plan.

Data centers maintain a low percentage of occupants, typically within the office area, and have a small number of additional spaces for visitors and contractors. The data center and support space are deemed to be a “lights-out facility” that utilizes staff from the office areas. Corgan has been involved with other data center facilities across the country, including several data centers within Richardson and surrounding cities, and typically parking is provided for the office area of these facilities with a small percentage of parking spaces provided for visitors and contractors.

The following are examples of approved parking ratios for data center facilities:

- Cornerstone Data Center
 City of Roanoke, TX

Office	1 space / 300 SF
Data Center	1 space / 3,000 SF

- Digital Realty Trust Marsh Lane Data Center
 City of Carrollton, TX

Office	1 space / 300 SF
Data Center	1 space / 5,000 SF

- Digital Realty Trust Data Center Park
 Richardson, TX
 Office 1 space / 300 SF
 Data Center 1 space / 3,000 SF

It is anticipated the Project Black Flag facility will have a maximum of 20 employees for the daytime shift, which represents the maximum number of employees; there are other shifts, so there may be limited overlap of employees at shift change. The facility is secured, so visitors must schedule an appointment to gain entrance. Typically there are no more than 5 visitors, including contractors, during the day shift.

KDC is requesting a parking ratio for this project as follows:

Office	1 space / 300 SF	9430 SF / 300	=32 spaces
Data Center	1 space / 5,000 SF	119,720SF / 5000	=24 spaces
		Total:	56 spaces

The proposed parking ratio exceeds 200% of the actual maximum expected occupancy (20 employees and 5 visitors/contractors), and provides an additional 31 spaces.

VAR 15-02
Section 21-47 (Screening and open space)

The City requires a minimum six (6') foot high masonry wall where a nonresidential use backs or sides upon a residential district. In accordance with this provision, the approved site plan provides an eight (8) foot high masonry wall, approximately 35' from the residential alley. The location of this screening wall is due to a dedicated 30' Texas and Power Light easement that is parallel to the alley. KDC saw this as an opportunity to "soften" the visual appearance of the required screening wall for the adjacent residents, and a variety of canopy trees, ornamental trees, and shrubs are provided on the alley side of the wall. There is a variable width ATMOS easement that runs north/south along Plano Road. During negotiations regarding the placement/construction of the required screening wall, ATMOS determined "any permanent fence" is not permitted within this easement, stating the wall "would be detrimental to the safety of the high-pressure natural gas transmission and distribution main pipelines" (see attached letter).

KDC is requesting a variance to eliminate the required masonry screening wall within the ATMOS easement, approximately 73' from the west property line. The elimination of this portion of the required screening wall directly affects the westernmost residential lot along Woodoak Drive. As a courtesy, representatives for KDC met with the Owens Park Homeowners Association to discuss the requested two variances, and from this meeting were able to receive support (see attached letter from HOA and affected resident).

KDC appreciates the City's support of our various developments through the years, and respectfully requests approval of the two variances.

End of Memorandum

DRAFT CPC Minutes from February 3, 2015:

Variance 15-01 – Black Flag: Consider and take necessary action on a request for a variance to Chapter 21 of the Subdivision and Development Code, Article III, Section 21-52(i) *Off-Street Parking*, for a reduction in the number of required parking spaces. The 14.93-acre site is located at 1402 E. Lookout Drive, southeast corner of Plano Road and Lookout Drive.

Mr. Roberts stated he would present both Variances 15-01 and 15-02 together, but the Commission would have to vote on each item separately.

Mr. Roberts noted that Variance 15-01 was a request for reduction in parking for a data center from one parking space for every one-thousand square feet (1:1,000) to one parking space for every five-thousand square feet (1:5,000). He also presented historical information from the developer's other projects in support of the request.

No questions were asked of staff and Chairman Hand called for a motion.

Motion: Vice Chair Bright made a motion to recommend approval of Variance 15-01 as presented; second by Commissioner Roland. Motion passed 7-0.

City of Richardson
City Council Meeting
Agenda Item Summary

City Council Meeting Date: Monday, March 16, 2015

Agenda Item: VAR 15-02 Project Black Flag

Staff Resource: Michael Spicer, Director of Development Services

Summary

This is a request for approval of a variance to the City of Richardson Subdivision and Development Code, Chapter 21, Article III, Section 21-47(d), Screening and Open Space, to waive a portion of the required eight (8) foot high masonry screening wall parallel to the southern property line that is in conflict with an ATMOS easement.

Board/Commission Action:

On February 3, 2015 the City Plan Commission unanimously recommended approval of the request.

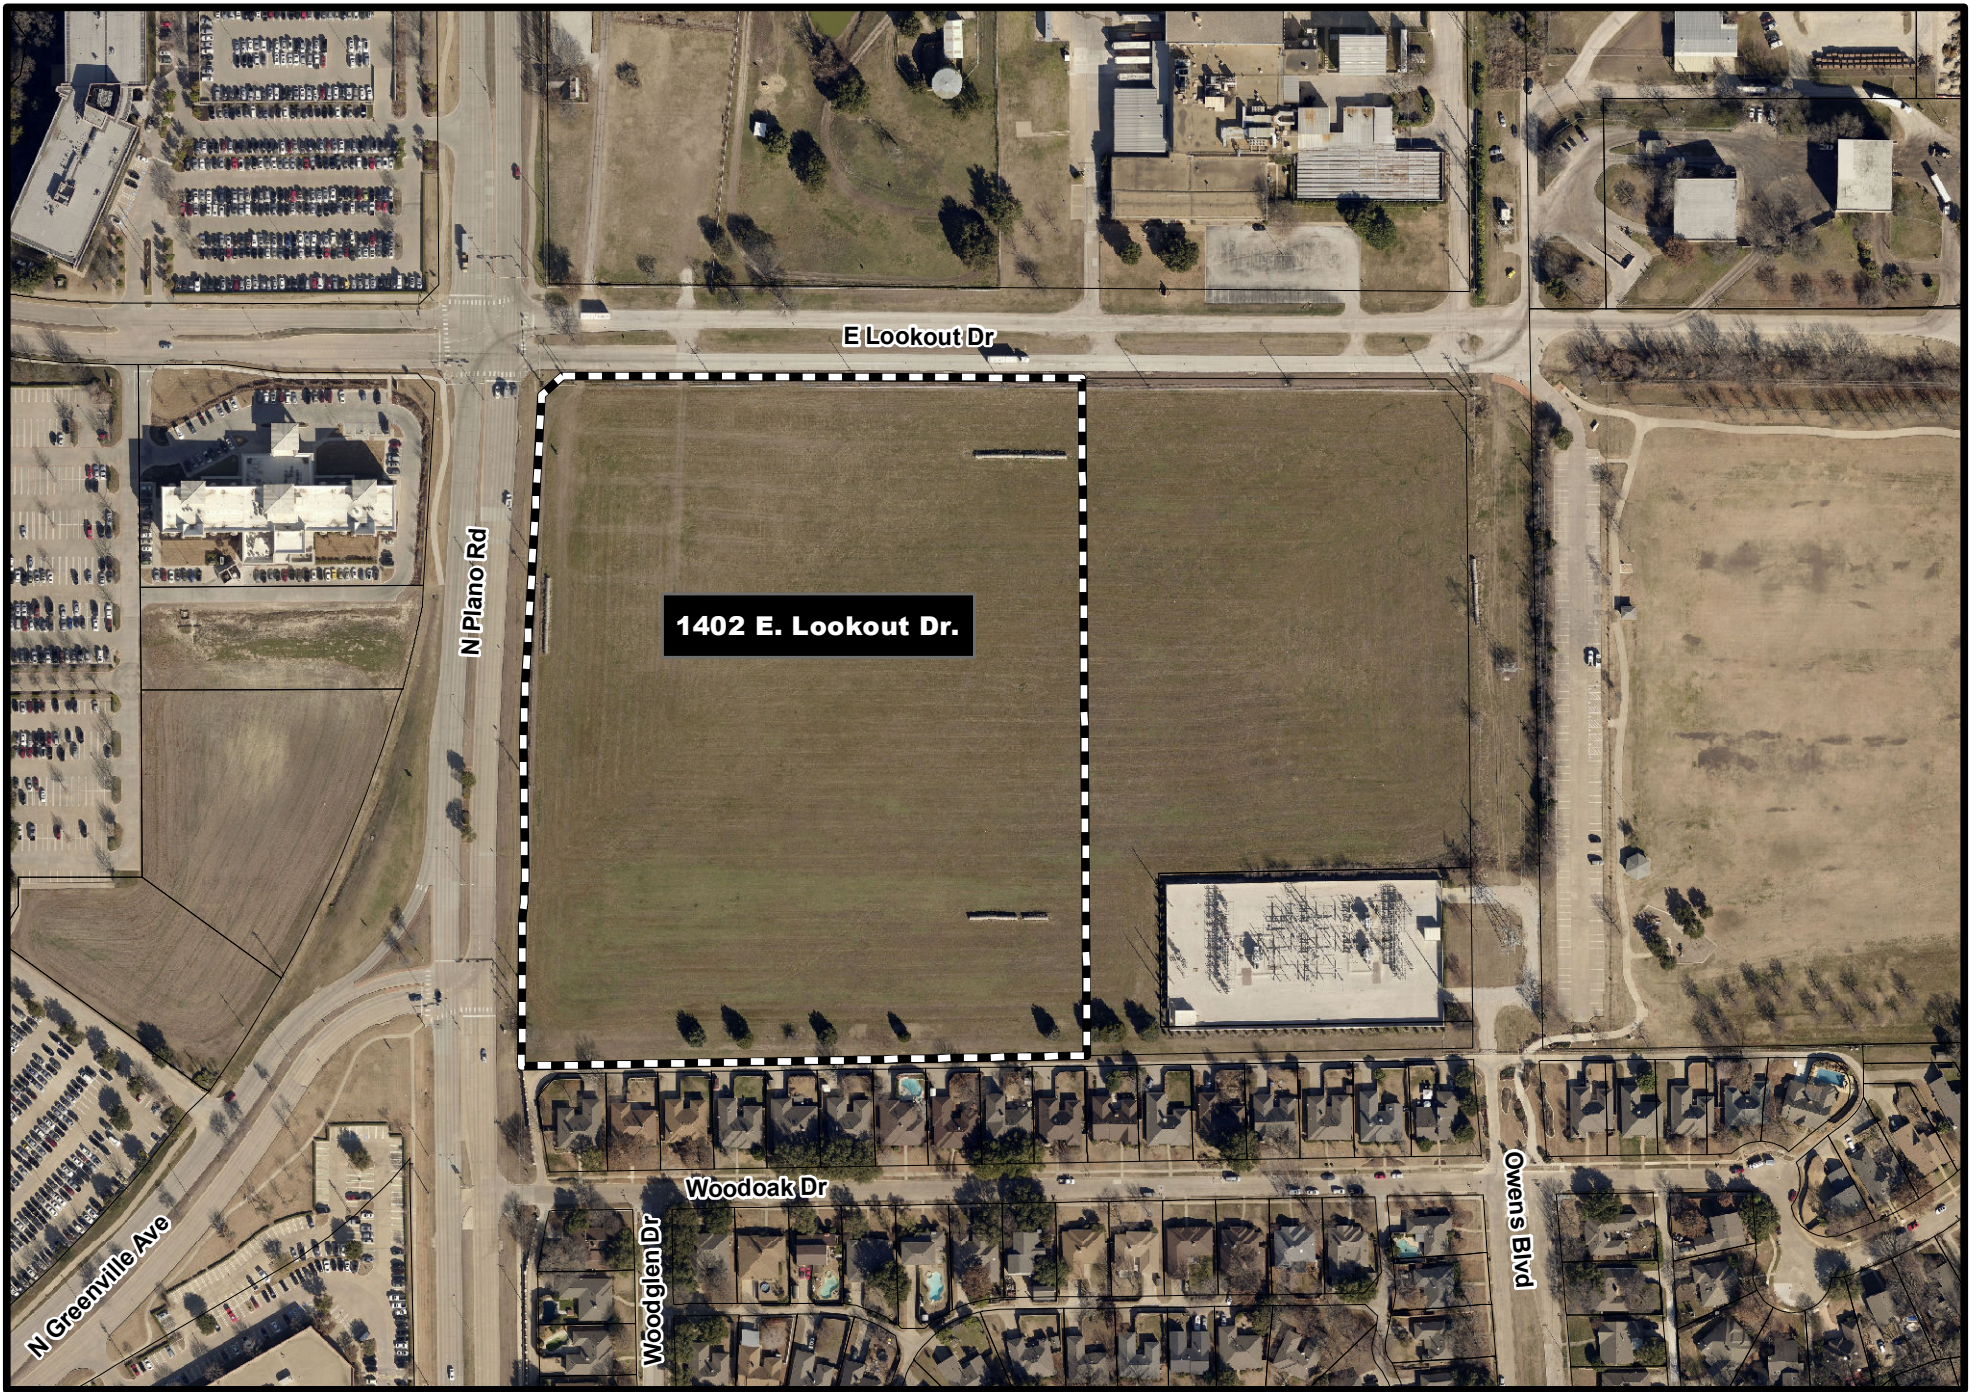

Action Proposed

The City Council may approve the request as presented, approve with conditions, or deny.

Variance 15-02

SUMMARY

Owner: Dallas DCA, LLC

Applicant: Brad Moss, Kimley-Horn & Associates, Inc.

Project Name: Project Black Flag

Location: 1402 E. Lookout Drive
The property is located at the southeast corner of Plano Road and Lookout Drive.

Request: This is a request for approval of a variance to the City of Richardson Subdivision and Development Code, Chapter 21, Article III, Section 21-47(d), Screening and Open Space, to waive a portion of the required eight (8) foot high masonry screening wall parallel to the southern property line that is in conflict with an ATMOS easement.

CPC Action: On February 3, 2015 the City Plan Commission unanimously recommended approval of the request.

Notification: This request is not a public hearing and specific notification is not required by State law. As courtesy, adjacent property owners affected by the variance request received written notification.

Correspondence: To date, one (1) letter in support has been received. This letter is signed by both: Barbara Fullerton, President of the Owens Park Neighborhood Association; and Michael Ebey, the resident directly adjacent to the section of screening wall proposed to be eliminated.

DEVELOPMENT SUMMARY

Land Area:	14.93-acres (620,287 square feet)
Zoning:	I-M(1) Industrial District
Ordinance:	228-A
Special Conditions:	None
Adjacent Land Use/Zoning:	
North (across Lookout Drive)	Vacant meat processing plant/I-M(1) Industrial District
East	Undeveloped/I-M(1) Industrial District
South	Single Family Residential (Owens Park)/R-1100-M Residential District
West (across Plano Road)	Office/Medical Rehabilitation Hospital/I-M(1) Industrial District

BACKGROUND INFORMATION

Staff Background: On December 2, 2014 KDC received approval from the City Plan Commission to construct a 129,150 square foot data center. By code, a minimum six (6) foot masonry screening wall is required where a nonresidential use backs or sides upon a residential district. In accordance with this provision, the approved site plan provides an eight (8) foot high masonry wall, approximately 35' from the residential alley. The location of this screening wall is due to a dedicated 30' Texas Power and Light easement that is parallel to the alley. KDC saw this as an opportunity to "soften" the visual appearance of the required screening wall for the adjacent residents, and variety of canopy trees. Ornamental trees, and shrubs are provided on the alley side of the wall. There is a variable width ATMOS easement that runs north/south along Plano Road. During negotiations regarding the placement/construction of the required screening wall, ATMOS determined "any permanent fence" is not permitted within the easement, stating

the “wall would be detrimental to the safety of the high-pressure natural gas transmission and distribution main pipelines”.

KDC is requesting a variance to eliminate the required masonry screening wall within the ATMOS easement, approximately 73’ from the west property line; KDC is providing a landscape screen where permitted by ATMOS. The elimination of this screening wall directly affects the westernmost residential lot along Woodoak Drive. As a courtesy, representatives of KDC met with the Ownes Park Homeowners Association to discuss the requested two (2) variances, and from this meeting were able to receive support from the President of the Association and the affected resident.

The City has approved eight (8) screening wall variances.

Memorandum

Regarding	Variances 15-01 (Off-street parking) 15-02 (Screening)	Project	Black Flag 1402 E. Lookout Drive

VAR 15-01

Section 21-52 (Off-street parking).

On December 2, 2014, KDC received site plan approval from the City Plan Commission for the development of a 129,150 square foot data center; this includes approximately 9,430 square feet (7%) of office. The City does not have a specific parking ratio for a data center, so this use utilizes the parking ratio of a “showroom or warehouse”. As required by Code, 130 parking spaces are required at a ratio of 1 parking space for every 1,000 square feet. The project actually provides 134 parking spaces including 4 accessible spaces. In speaking with staff, KDC chose to move forward to receive approval for the site plan in compliance with the parking regulation so construction could begin while they applied for the proper variance. KDC understands that should the variance be denied, the parking must be constructed in accordance with the approved site plan.

Data centers maintain a low percentage of occupants, typically within the office area, and have a small number of additional spaces for visitors and contractors. The data center and support space are deemed to be a “lights-out facility” that utilizes staff from the office areas. Corgan has been involved with other data center facilities across the country, including several data centers within Richardson and surrounding cities, and typically parking is provided for the office area of these facilities with a small percentage of parking spaces provided for visitors and contractors.

The following are examples of approved parking ratios for data center facilities:

- Cornerstone Data Center
 City of Roanoke, TX

Office	1 space / 300 SF
Data Center	1 space / 3,000 SF

- Digital Realty Trust Marsh Lane Data Center
 City of Carrollton, TX

Office	1 space / 300 SF
Data Center	1 space / 5,000 SF

- Digital Realty Trust Data Center Park
Richardson, TX
Office 1 space / 300 SF
Data Center 1 space / 3,000 SF

It is anticipated the Project Black Flag facility will have a maximum of 20 employees for the daytime shift, which represents the maximum number of employees; there are other shifts, so there may be limited overlap of employees at shift change. The facility is secured, so visitors must schedule an appointment to gain entrance. Typically there are no more than 5 visitors, including contractors, during the day shift.

KDC is requesting a parking ratio for this project as follows:

Office	1 space / 300 SF	9430 SF / 300	=32 spaces
Data Center	1 space / 5,000 SF	119,720SF / 5000	=24 spaces
		Total:	56 spaces

The proposed parking ratio exceeds 200% of the actual maximum expected occupancy (20 employees and 5 visitors/contractors), and provides an additional 31 spaces.

VAR 15-02
Section 21-47 (Screening and open space)

The City requires a minimum six (6') foot high masonry wall where a nonresidential use backs or sides upon a residential district. In accordance with this provision, the approved site plan provides an eight (8) foot high masonry wall, approximately 35' from the residential alley. The location of this screening wall is due to a dedicated 30' Texas and Power Light easement that is parallel to the alley. KDC saw this as an opportunity to "soften" the visual appearance of the required screening wall for the adjacent residents, and a variety of canopy trees, ornamental trees, and shrubs are provided on the alley side of the wall. There is a variable width ATMOS easement that runs north/south along Plano Road. During negotiations regarding the placement/construction of the required screening wall, ATMOS determined "any permanent fence" is not permitted within this easement, stating the wall "would be detrimental to the safety of the high-pressure natural gas transmission and distribution main pipelines" (see attached letter).

KDC is requesting a variance to eliminate the required masonry screening wall within the ATMOS easement, approximately 73' from the west property line. The elimination of this portion of the required screening wall directly affects the westernmost residential lot along Woodoak Drive. As a courtesy, representatives for KDC met with the Owens Park Homeowners Association to discuss the requested two variances, and from this meeting were able to receive support (see attached letter from HOA and affected resident).

KDC appreciates the City's support of our various developments through the years, and respectfully requests approval of the two variances.

January 5, 2015

Mr. James Williams
KDC Real Estate Development & Investments
8115 Preston Road, Suite 700
Dallas, Texas 75225

Re: Atmos Energy Corporation's Line O2(2nd) & High Pressure Distribution Main
East Lookout Drive and Plano Road in Dallas County, Texas.

Dear Mr. Williams:

Atmos Energy Corporation's active high-pressure natural gas transmission pipeline Line O2(2nd) and a High Pressure Distribution Main affects certain property as described above, in Dallas County, Texas. The purpose of this letter is to affirm the restriction of placing any type of permanent fence across the easement or pipelines on the said property. Atmos Energy feels such a wall or fence would be detrimental to the safety of the pipes and therefor will not be approved for installation within the boundaries of the easement.

I appreciate your understanding of these regulations. For additional information, contact this office.

Sincerely,

Paul Ashby, ROW Representative

Susan Smith, Assistant Director of Development Services

City of Richardson

411 W. Arapaho Rd.

Richardson, TX 75080-4551

Re: CMU Wall Variance at Dallas DC A Property

Dear Ms. Smith,

I am writing to let the City of Richardson know that KDC, Corgan Associates and Kimley Horn representatives visited with the Owens Park Neighborhood Association and Michael Ebey, owner of 1401 Woodoak on January 7, 2015 to discuss the CMU wall variance that is under consideration by the City of Richardson. As we understand, the CMU wall what borders our alley and the Dallas DC A South property line cannot be built over the Atmos easement that exists on the West side of the property.

The project team explained the situation surrounding the variance request, showed our neighbors where the wall would end with a surveying stake and answered questions posed by OPNA and Mr. Ebey.

Mr. Ebey, whose property is adjacent to the area in question expressed that he was very happy that the project team reached out to him and said, "I think what is planned will enhance the area and I look forward to having State Farm as my neighbor. Thanks again for all your help". Both OPNA and Mr. Ebey understand the proposed variance and agree that it does not pose a problem aesthetically and is acceptable as proposed.

Please contact me should you have any questions.

Thank you,

Barbara Fullerton

President, Owens Park Neighborhood Association

Michael Ebey

Owner, 1401 Woodoak Dr.

Jan. 16, 2015

DRAFT CPC Minutes from February 3, 2015:

Variance 15-02 – Black Flag: Consider and take necessary action on a request for a variance to Chapter 21 of the Subdivision and Development Code, Article III, Section 21-47(d), *Screening and Open Space*, to eliminate a portion of a required screening wall. The 14.93-acre site is located at 1402 E. Lookout Drive, southeast corner of Plano Road and Lookout Drive.

Mr. Robert reported the applicant was requesting a reduction in length of the required screening wall along the southern property line based on written refusal from Atmos Energy to allow any structure to be built in their easement. There were two letters in support of the reduced length; one from the local homeowners association, and one from the most adjacent homeowner.

No questions were asked of staff and Chairman Hand called for a motion.

Motion: Commissioner Frederick made a motion to recommend approval of Variance 15-02 as presented; second by Commissioner Maxwell. Motion approved 7-0.

**CITY OF RICHARDSON
SIGN CONTROL BOARD MINUTES – MARCH 4, 2015**

Ms. Dorothy McKearin, Chair, called a regular meeting of the Sign Control Board to order at 6:31 p.m. on Wednesday, March 4, 2015, at the Civic Center Council Chamber, 411 W. Arapaho Road, Richardson, Texas.

MEMBERS PRESENT: DORTHY MCKEARIN, CHAIR
 SANDRA MOUDY, VICE CHAIR
 MUHAMMAD Z. IKRAM, MEMBER
 ALICIA MARSHALL, ALTERNATE

CITY STAFF PRESENT STEPHANIE JACKSON, BUILDING INSPECTION MGR.
 STEPHEN PAPANIA, BUILDING INSPECTOR

MEMBERS ABSENT: CHARLES WARNER, MEMBER
 CHIP IZARD, MEMBER
 SCOTT PETTY, ALTERNATE

Ms. McKearin stated there is a quorum present.

Ms. Moudy made a motion to approve the minutes of the January 7, 2015 meeting. The motion was seconded by Ms. Marshall and it carried unanimously.

SCB CASE #15-04: PUBLIC HEARING FOR SIGN CONTROL BOARD CASE #15-04 TO CONSIDER THE REQUEST OF GOVINDJI JEWELERS FOR A VARIANCE TO THE CITY OF RICHARDSON CODE OF ORDINANCES, CHAPTER 18, ARTICLE III, SECTION 18-96(8)(B)(1), CHAPTER 18, ARTICLE III, SECTION 18-96(23)(B)(3)(i) AND CHAPTER 18, ARTICLE III, SECTION 18-96(23)(D)(3) TO ALLOW FOR A POLE SIGN, 96.18 SQ.FT. IN AREA, WITH A DIGITAL DISPLAY TO BE 79.5% OF THE SIGN AREA AND TO BE 55 FEET FROM THE NEAREST ATTACHED SIGN IN A COMMERCIAL ZONED DISTRICT ON THE PROPERTY AT 245 N. CENTRAL EXPY; AND TAKE APPROPRIATE ACTION.

Ms. McKearin opened the Public Hearing and Ms. Jackson introduced the request of Govindji Jewelers for a variance to the City of Richardson Code of Ordinances, Chapter 18, Article III, Section 18-96(8)(B)(1), Chapter 18, Article III, Section 18-96(23)(B)(3)(i), and Chapter 18, Article III, Section 18-96(23)(D)(3) to allow for a pole sign, 96.18 sq. ft. in area, with a digital display to be 79.5% of the sign area, and to be 55 feet from the nearest attached sign in a commercial zoned district on the property at 245 N Central Expy; A power point presentation was shown for review.

Ms. McKearin asked if a representative of Govindji's Jewelers was present.

Aron Frydberg, 7209 Duffield Dr, Dallas, TX 75248, the owner of Sign Express, stated that the City ordinance requires that the structure of the pole sign must match the building at the property. Mr. Frydberg stated that the stone masonry above and below the digital portion of the proposed sign will match the façade building. Mr. Frydberg stated that removing the top portion of the masonry on the sign would be like having only one bumper on a car, and its absence would not fit with the design of the rest of the sign.

Mr. Frydberg stated that the Sign Control Board had a problem with the size of his proposed sign at the January meeting so he reduced the height of the masonry detail at the top and the bottom of the sign from 16 inches to 12 inches so that it would be closer to what the Board would allow. Mr. Frydberg stated that removing the masonry portions from the design of the sign would be akin to a daughter wearing tennis shoes to her wedding. Mr. Frydberg stated that the sign would not fit with the building without these features.

Ms. McKearin stated that it was her understanding that during the presentation at the last Sign Control Board meeting the box around the digital display was 16 inches in height at the top and 16 inches in height at the bottom of the sign. Ms. McKearin asked if the new design reduced the height of these features to 12 inches at the top and 12 inches at the bottom of the sign. Mr. Frydberg stated that Ms. McKearin was correct.

Mr. Frydberg stated that he reduced the size to make it work for City and for the customer. Mr. Frydberg stated that the requested variance had nothing to do with him receiving more money for his work because the customer has already paid him for the sign. Mr. Frydberg stated that he would gain no personal benefit if the variance is approved. Mr. Frydberg stated that the owner of Govindji's is a customer of the City, a member of the community, and a good tenant and it would not be right to tell the owner that he cannot have the variance and he must have an ugly sign. Mr. Frydberg stated the reason he applied for another variance was to find a happy medium that would please his client and the City.

Ms. McKearin asked Mr. Frydberg if the only reason for the request for the masonry was for the aesthetics of the sign. Mr. Frydberg stated that the masonry was needed for the sign to obtain a certain look so it would match the architecture of the building. Mr. Frydberg stated that during his first variance request he did not realize the ordinance required the sign to be 100% digital or only up to 50% digital when mixed with a non-electronic element. Mr. Frydberg stated that his second variance request was for a digital sign with 16 inch tall masonry at the top and 16 inch tall masonry at the bottom of the sign, but he should have requested 12 inches at that time. Mr. Frydberg stated that he was back again to get closer to what the Sign Control Board would want.

Ms. McKearin asked Ms. Jackson what was approved at the November meeting. Ms. Jackson stated that the variance approved in November was for a 76 square foot sign that included the sign cabinet and any architectural detail for the sign. Ms. Jackson stated that with the current variance, Mr. Frydberg could install a 76 sq.ft. sign. The digital display could be up to 50% digital if mixed with a non-electronic element or 100% digital.

Ms. McKearin stated that Mr. Frydberg was told in November that the sign area, including the digital portion and non-digital portion, could not exceed the 76 sq.ft. granted. Mr. Frydberg stated that he understood Ms. McKearin. Mr. Frydberg stated he disagrees with the city ordinance on how to calculate sign area. Mr. Frydberg stated that the additional square footage he is requesting would not make a difference to anyone.

Ms. Marshall asked Mr. Frydberg which portion of the structure he considered to be included in the sign area. Mr. Frydberg pointed to the electronic portion of the proposed sign on the sign

graphic and stated that the dark portion of the graphic is a sign. Ms. Marshall asked Mr. Frydberg if that was the only portion of the structure that he considers to be a sign. Mr. Frydberg stated that Google defines a sign as anything that suggests what is at the property. Mr. Frydberg stated that blank panels on the structure should not be considered when calculating the sign area. Mr. Frydberg feels the proposed sign complies with the sign ordinance, because the stone portion is only architectural detail. Mr. Frydberg stated that he reduced the size of the sign from his previous variance request to make the City and the customer happy.

Mr. Ikram stated that at the January meeting Scott Petty tried to explain to Mr. Frydberg that the City spent a lot of time writing the sign ordinance and the Sign Control Board is trying to follow the ordinance the way it was written. Mr. Ikram told Mr. Frydberg that if wanted to change how the sign area is calculated then he must go through another process to change the ordinance. Mr. Ikram stated the Board must follow what is written in the ordinance, and that they cannot base their decision off of what is found on Google. Mr. Ikram stated that using Google to define a sign would make it pointless to have a sign ordinance.

Mr. Frydberg stated that the Assistant City Manager told him staff will not approve the proposed sign unless it is approved through the sign variance process. Mr. Frydberg stated that people in the community think Govindjis is a great business with a beautiful building, but the City will not allow an additional 12 inches to their sign.

Mr. Ikram asked if Mr. Frydberg considered reducing the size of the electronic element of the sign after hearing the decision of the January meeting. Mr. Frydberg stated that he brought literature to the last meeting from a top organization in America that designs sign ordinances. Mr. Frydberg stated that the organization spent one million dollars to come up with the perfect sign ordinance all highway signs are based on. Mr. Frydberg stated that there is a chart in the literature that says what size sign is best based on the location of the business. Mr. Frydberg stated that the signs at Microcenter are a good example.

Mr. Frydberg stated that he would have requested a larger sign based on the literature he provided, but he requested a smaller sign that he thought would be approved. Mr. Frydberg stated that if he made the proposed sign any smaller it would be a joke, and small signs can cause car accidents when people slow down to read them. Mr. Frydberg stated that DFW airport had several traffic accidents because of signs that were too small for people to read. Mr. Frydberg stated he had to change the design of a sign for a customer with a business on the highway and make it larger because it was not legible when driving at 60 mph. Mr. Frydberg stated that he is trying to compromise with the City on the size of the sign so that everyone is happy.

Ms. Marshall stated that she did not understand Mr. Frydberg's definition of a sign. Ms. Marshall asked if Mr. Frydberg was at the meeting to get a variance on the sign. Mr. Frydberg stated that he wanted a variance on whatever the City defines as a sign. Ms. Marshall stated she wanted to make sure that the Board was considering the same sign as Mr. Frydberg. Mr. Frydberg stated that all he was asking from the Board was for a little bit larger of a sign.

Mr. Frydberg stated that his previous variance request had a higher ratio between the electronic and non-electronic portions of the sign. Mr. Frydberg asked Ms. Jackson the ratio of what he

previously requested. Ms. Jackson stated that the ratio of the previous request was smaller because the non-electronic element was larger. Ms. Jackson stated that since the non-electronic element portion of the sign has been decreased the digital display is now a larger portion of the overall sign area. Ms. Jackson stated that the sign Mr. Frydberg is currently proposing is smaller than the one presented at the January meeting.

Mr. Frydberg stated that he reduced the size of the proposed sign from the previous request. Mr. Frydberg asked the Board to approve the request. Mr. Frydberg stated that the reason there is a Sign Control Board is because the City has rules and the Board can bend the rules.

Ms. Moudy told Mr. Frydberg that she liked the way he designed his sign and she liked the architectural detail above and below the sign. Ms. Moudy stated that there was a sign ordinance to control the signs in the City and that is why there are not big, monstrous signs everywhere. Ms. Moudy stated that the sign ordinance allows for a 60 square foot sign and the Board previously approved a 76 square foot sign in November. Ms. Moudy stated that the proposed sign is beautiful, but it is too large. Ms. Moudy stated that the issue is not how the City defines a sign, but that the size of the proposed sign is too large for Richardson.

Mr. Frydberg asked Ms. Moudy why she thinks the sign is too large. Ms. Moudy stated that the sign ordinance indicates the size of the signs that the Board wants in Richardson. Ms. Moudy stated that controlling the size of signs keeps the City from being overpopulated with signs all over the place. Mr. Frydberg asked if his sign would change the look of the City. Ms. Moudy stated that the proposed sign is too big to go with other signs in Richardson but it would work if it was smaller.

Mr. Frydberg stated that a jewelry store down the road has a 60 square foot sign that is ugly. Mr. Frydberg stated that signs are part of the aesthetics of a community and a community helps itself by having nice signs. Mr. Frydberg stated that if every business was allowed to have an extra foot around their sign it would enhance the look of the sign. Ms. Moudy stated that the size of the sign must be taken into consideration not just the design. Mr. Frydberg stated that he was not the designer. Mr. Frydberg used an analogy for the design of the sign and compared it to a woman's affinity to buy things and have lots of shoes for appearance.

Mr. Frydberg stated that there was data to prove that you can change the attitude of people by messages and by the look of a sign. Mr. Frydberg stated that signs can humor, educate, and inform people. Mr. Frydberg stated that he sold \$76,000 worth of signs to a business in a shopping center in Plano. Mr. Frydberg stated that the business owner asked why he was talking to him about signs because he had been on a board in Plano for years. Mr. Frydberg stated the business owner in Plano thanked him for improving his business with nice signs. Mr. Frydberg stated that he has a conviction about what signs can do for a community, and there should be an ordinance that prevents ugly and broken signs.

Ms. McKearin closed the public hearing and asked for comments and questions from the Board.

Ms. Marshall stated a variance has already been previously approved allowing for a 76 sq.ft. pole sign.

Ms. Moudy moved to approve SCB Case #15-04. Mr. Ikram seconded the motion and it failed unanimously.

Ms. McKearin noted the action of the Sign Control Board is subject to review by the City Council for a period of two weeks.

Ms. McKearin stated Sign Control Board case #15-05 requested to postpone their variance request for a later meeting due to the inclement weather.

Ms. Marshall moved to adjourn the Hearing. The motion was seconded by Ms. Moudy and it carried unanimously.

There being no other business before the Board, the meeting was adjourned at 6:56 p.m.

FROM: Steve Spanos, P.E., Director of Engineering *SS*
SUBJECT: Permission to Advertise Public Safety Complex Security Enhancements
Bid #43-15
DATE: March 6, 2015

ACTION REQUESTED:

Authorization to advertise Bid No. 43-15 and approval of plans and contract documents for the Public Safety Complex Security Enhancements. Bids to be received until Thursday, April 9, 2015 at 2:00 p.m. and read aloud 30 minutes later.

BACKGROUND INFORMATION:

The Police Department wishes to improve security around their squad car parking area and limit pedestrian access between the Communications Building and Detention Center. The project will install approximately 300 LF of 8' tall decorative, metal fencing, 2 automatic vehicular gates, 5 pedestrian gates, 300 SY of existing parking and sidewalk pavement modifications and various related electrical, masonry and miscellaneous modifications.

FUNDING:

Funding is provided from General Special Projects Account.

SCHEDULE:

The Capital Projects Department plans for this project to begin construction May 2015 and be completed by August 2015.

Cc: Jim Dulac, P.E., Assistant City Engineer *JD*

NOTICE TO CONTRACTORS
CITY OF RICHARDSON

Public Safety Complex Security Enhancements
BID #43-15

Sealed bids addressed to the Purchasing Manager, of the City of Richardson, Texas, will be received at the Office of the City Purchasing Department, Suite 101, City Hall, 411 West Arapaho Road, Richardson, Texas, until **Thursday, April 9, 2015 at 2:00 pm** and will be opened and read aloud in the **Capital Projects Conference Room 206**, 30 minutes later that same day, for furnishing all labor, materials, tools and equipment, and performing all work required including all appurtenances for:

The installation of approximately 300 LF of 8' tall decorative metal fencing, 2 automatic vehicular gates, 5 pedestrian gates with security hardware, 1 gate with lock only including modifying approximately 300 SY of existing parking lot paving and sidewalks as well as masonry modifications, electrical improvements and related miscellaneous items.

Bids shall be accompanied by a certified or cashier's check on a state or national bank in an amount not less than five percent (5%) of the possible total of the bid submitted, payable without recourse to the City of Richardson, Texas, or an acceptable bid bond for the same amount from a reliable surety company as a guarantee that the bidder will enter into a contract and execute required Performance and Payment Bonds within ten (10) days after notice of award of contract. The City will attempt to award the Contract within 90 days after the opening of bids.

The successful bidder must furnish a Performance Bond upon the form provided in the amount of one hundred percent (100%) of the contract price, a material and labor Payment Bond upon the form provided in the amount of one hundred percent (100%) of the contract price, and a Maintenance Bond upon the form provided in the amount of one hundred percent (100%) of the contract price, from a surety authorized under the laws of the State of Texas to act as a surety on bonds for principals.

The right is reserved, as the interest of the Owner may require, to reject any and all bids, to waive any informality in the bids received, and to select bid best suited to the Owner's best interest. The Contractor, to be successful in bidding this project, must have completed a minimum of three similar projects within the last five years.

A maximum of Ninety (90) calendar days will be allowed for construction.

One set of plans, specifications and bid documents may be secured from the Office of the City Engineer, Capital Projects Department in Room 204, of the Richardson Civic Center/City Hall, 411 West Arapaho Road, Richardson, Texas, **beginning at 12:00 p.m. on Tuesday, March 17, 2015** upon a **NON-REFUNDABLE FEE OF Fifty Dollars (\$50.00)** per set, payable to the City of Richardson, accompanied by the contractor's name, address, phone number, email address and FAX number. Maximum of two sets of plans per contractor.

A voluntary pre-bid conference will be held **Tuesday, March 31, 2015 at 2:00 pm in the Capital Projects Conference Room 206, Richardson Civic Center/City Hall.**

MEMO

DATE: March 9, 2015
TO: Kent Pfeil – Director of Finance
FROM: Pam Kirkland – Purchasing Manager 
SUBJECT: Award of Bid #12-15 for a Cooperative Annual Requirements Contract for Medical Supplies to Bound Tree Medical, LLC. pursuant to unit prices

Proposed Date of Award: March 16, 2015

I concur with the recommendation of Curtis Poovey – Battalion Chief for Support Services, and request permission to issue an annual requirements contract to Bound Tree Medical, LLC. for medical supplies for the Fire Department pursuant to unit prices bid.

The City of Richardson took the lead in bidding a cooperative annual requirements contract for medical supplies along with the participation from the City of Frisco Fire Department. The City of Frisco will be responsible for placing their individual orders and direct payment to Bound Tree Medical, LLC.

Bidders were requested to bid on a total of 401 items. None of the ten bidders bid on all 401 items; however, Bound Tree was the most compliant by bidding 397 of the 401 total items. The items specified are a combination of Richardson's and Frisco's requirements (Frisco's line items are identified separately); however, each entity may purchase any item on the tabulation at the unit prices bid. No award will be made on Lot 9 for Stryker cot accessories as these items were found to be sole source items through Stryker. It is our recommendation to award the contract to Bound Tree Medical, LLC, who provided the most responsive bid.

This is a one-year contract with an option to renew for up to four (4) additional one-year periods, if acceptable to both parties. Quantities shown on the attached tabulation sheet are estimates of our annual usage and pricing for the various medical supply items are based on unit prices. Also, a percentage of discount from list price was secured from each vendor for items not specified in the bid. The award of this contract allows the city to use the products as the requirements and needs of the city arise on an annual basis and during any subsequent renewal period(s). Since the city is not obligated to pay for or use a minimum or maximum amount of product, payment will be rendered pursuant to the unit prices bid.

Funding is available in account 011-1410-522-6197 for this expenditure. The bid was advertised in *The Dallas Morning News* on December 19 & 26, 2014 and posted on Bidsync.com. A prebid conference was held on January 7, 2015 and four vendors and four staff members were in attendance. A total of 951 bidders were electronically notified of the bid; 28 viewed the bid; and 10 bids were received.

Inter-Office Memorandum

Date: 2/18/2015

To: Pam Kirkland

From: Battalion Chief Curtis Poovey

Subject: EMS Medical Supply Bid 12-15

I recommend that we award the EMS Medical Supply Bid per unit pricing to BoundTree Medical. Our estimated expenditures for this bid are \$175,000.00. After reviewing the bids submitted, BoundTree Medical was found to have the lowest overall price and is able to supply the largest number of items utilized by the Richardson Fire Department.

We have budgeted for this in account 011-1410-522-6197.

Inter-Office Memorandum

MEMO

DATE: March 9, 2015

TO: Kent Pfeil – Director of Finance

FROM: Pam Kirkland – Purchasing Manager *Pam*

SUBJECT: Award of Bid #16-15 for the 2015 Annual Requirements Contract for Street Rehabilitation to Estrada Concrete Company pursuant to unit prices

Proposed Date of Award: March 16, 2015

I concur with the recommendation of Steve Spanos – Director of Engineering, and request permission to issue an annual requirements contract for street rehabilitation to Estrada Concrete Company pursuant to unit prices, as outlined in Mr. Spanos attached memorandum.

The term of the contract is for one (1) year with options for two (2) additional one (1) year renewal periods, if agreeable to both parties. The award of this contract allows the city to use the street rehabilitation services as the requirements and needs of the city arise on an annual basis and during any subsequent renewal period(s). Since the city is not obligated to pay for or use a minimum or maximum amount of street rehabilitation services, payment will be rendered pursuant to the unit prices bid.

Funding is provided from various accounts including General Special Projects, Street Rehabilitation, and Streets & Drainage Funds. The bid was advertised in *The Dallas Morning News* on October 29, 2014 and November 5, 2014 and posted on Bidsync.com. A prebid conference was held on November 11, 2014 and 1,086 solicitations were sent; 33 vendors viewed the bid; two bids were received.

Concur:

Kent Pfeil

FROM: Steve Spanos, P.E., Director of Engineering *SS*
SUBJECT: Permission to Advertise Bid # 16-15
2015 Annual Requirement Contract for Street Rehabilitation
DATE: March 6, 2015

ACTION REQUESTED:

Council to consider award of Bid #16-15 to Estrada Concrete Co., for the 2015 Annual Requirement Contract for Street Rehabilitation pursuant to the attached unit prices.

BACKGROUND INFORMATION:

The 2015 Annual Requirement Contract for Street Rehabilitation consists of citywide concrete replacement/rehab at various locations throughout the city. The contractor will be on-call for various concrete work including arterial streets. Work to be performed generally includes concrete pavement removal and replacement, concrete sidewalk/leadwalk replacement, 6" concrete curbs, barrier free ramps, sodding and other appurtenances related to performing the work. This contract contains an option to renew the contract for two (2) additional one (1) year periods subject to the conditions, attached hereto.

As outlined in the specifications, it is the intent of the City to schedule approximately \$500,000.00 worth of work for the contractor during fiscal year 2014-2015. We reserve the options to decrease or increase the amount of work during any contract period, as needed, provided funding is available. The successful bidder agrees to perform all work at the unit prices outlined in their bid.

FUNDING:

Funding is provided from various accounts including; General Special Projects, Street Rehabilitation, and Streets & Drainage funds.

SCHEDULE:

The Capital Projects Department plans for this project to begin construction in April 2015 and be completed by March 2016.

Cc: Brad Bernhard, P.E., Project Engineer *BB*

MEMO

DATE: March 9, 2015
TO: Kent Pfeil – Director of Finance
FROM: Pam Kirkland – Purchasing Manager *Pam*
SUBJECT: Award of Bid #37-15 for a Cooperative Annual Requirements Contract for Pharmaceuticals to Bound Tree Medical, LLC. pursuant to unit prices

Proposed Date of Award: March 16, 2015

I concur with the recommendation of Curtis Poovey – Battalion Chief for Support Services, and request permission to issue an annual requirements contract to Bound Tree Medical, LLC. for pharmaceutical items for the Fire Department pursuant to unit prices bid. Bound Tree Medical, LLC was the lowest bidder bidding all 40 items.

The City of Richardson took the lead in bidding a cooperative annual requirements contract for pharmaceuticals along with the participation from the City of Frisco Fire Department. The City of Frisco will be responsible for placing their individual orders and direct payment to Bound Tree Medical, LLC.

This is a one-year contract with an option to renew for up to four (4) additional one-year periods, if acceptable to both parties. Quantities shown on the attached tabulation sheet are estimates of our annual usage and pricing for the various pharmaceutical items are based on unit prices. Also, a percentage of discount from list price was secured from each vendor for items not specified in the bid. The items specified are a combination of Richardson's and Frisco's requirements (Frisco's line items are identified separately); however, each entity may purchase any item on the tabulation at the unit prices bid. The award of this contract allows the city to use the products as the requirements and needs of the city arise on an annual basis and during any subsequent renewal period(s). Since the city is not obligated to pay for or use a minimum or maximum amount of product, payment will be rendered pursuant to the unit prices bid.

Funding is available in account 011-1410-522-6197 for this expenditure. The bid was advertised in *The Dallas Morning News* on December 19 & 26, 2014 and posted on Bidsync.com. A prebid conference was held on January 7, 2015 and 4 vendors and 4 staff members were in attendance. A total of 951 bidders were electronically notified of the bid; 28 viewed the bid; and 4 responsive bids were received.

Inter-Office Memorandum

Date: 2/18/2015

To: Pam Kirkland

From: Battalion Chief Curtis Poovey 

Subject: EMS Medical Supply Bid 12-15

I recommend that we award the EMS Medical Supply Bid per unit pricing to BoundTree Medical. Our estimated expenditures for this bid are \$175,000.00. After reviewing the bids submitted, BoundTree Medical was found to have the lowest overall price and is able to supply the largest number of items utilized by the Richardson Fire Department.

We have budgeted for this in account 011-1410-522-6197.

TO: Kent Pfeil – Director of Finance
FROM: Pam Kirkland – Purchasing Manager *Pam*
SUBJECT: Award of Bid #47-15 for an annual requirements contract to HD Supply Waterworks for Neptune water meters and parts pursuant to unit prices

Proposed Date of Award: March 16, 2015

I concur with the recommendation of Hunter Stephens – Utility Systems Superintendent and request permission to issue an annual requirements contract for various sizes of Neptune water meters and parts to HD Supply Waterworks pursuant to the attached unit prices.

HD Supply Waterworks is the sole supplier for Neptune water meters in the Texas area; therefore, this a sole source procurement as allowed by Texas Local Government Code Chapter 252.022 (a)(7)(A). It is our recommendation to establish an annual requirements contract based on the unit prices listed in the attached memo to stock a larger supply of meters thus realizing a savings on shipping costs and downtime in the field. The award of this contract allows the city to purchase the water meters and parts as the requirements and needs of the city arise on an annual basis and during any subsequent renewal period(s). Since the City is not obligated to pay for or use a minimum or maximum amount of products, payment will be rendered pursuant to the unit prices specified.

Funding is available in accounts 511-5211-503-7702 (\$85,000) and 511-5230-503-4351 (\$180,000).

Re: Meter Pricing

Don,

Here is an update on the current meter pricing.

This pricing is effective October 1, 2014 through September 30, 2015 and is as follows:

Item	Price
¾" SL T10 Pro Read	\$128.69
1" T10 Pro Read	\$162.08
1-1/2" T10 Pro Read	\$325.26
2" T10 Pro Read	\$427.72
3" Tru/Flo Compound	\$1977.00
4" Tru/Flo Compound	\$2678.00
6" Tru/Flo Compound	\$4479.00
2" HPT Turbine	\$594.00
3" HPT Turbine	\$931.00
4" HPT Turbine	\$1299.70
6" HPT Turbine	\$2349.04
2" Strainer	\$368.42
3" Strainer	\$618.00
4" Strainer	\$728.82
6" Strainer	\$1334.18
Fire Hydrant Meter	\$977.59
R900 Radio MIU	\$116.00
Pro Read Register	\$61.80
Pro Read Register w/pit pad	\$64.96

If you have any questions or if I can be of further assistance please give me a call.

Respectfully,

Dennis Woody

FROM: Pam Kirkland – Purchasing Manager *Pam*

SUBJECT: Award of Bid #48-15 for four (4) solar powered potable water tank mixers for elevated and ground storage tanks to Medora Corporation in the amount of \$169,053

Proposed Date of Award: March 16, 2015

I concur with the recommendation of Hunter Stephens – Utility Systems Superintendent, and request permission to issue a purchase order to Medora Corporation for four (4) solar powered potable water tank mixers for Centennial, Collins, Holly elevated tanks and Westside South ground storage tank in the amount of \$169,053, as per the attached quote.

Medora Corporation is the exclusive manufacturer of the Model SB500PWcv18 and Model SB1250PWcv18 solar mixers, which encompasses 13 or more patents with 50+ patent claims, plus additional patents pending and they are the sole licensee of the technology. These patents qualify Medora Corporation as a sole source supplier exempt from competitive bidding for said devices as allowed by Texas Local Government Code Chapter 252.022(a)(7)(A).

Funding is provided by 2015 W&S C.O. account 549-5710-585-7431, Project #WS1504.

MEMO

TO: Pam Kirkland, Purchasing Manager
FROM: Hunter Stephens, Utility Systems Superintendent *HS*
DATE: 2/20/2015
SUBJECT: Approval to purchase Solar Powered Potable Water Tank Mixers

ACTION REQUESTED

Council to consider award of a contract to Medora Corporation to provide four (4) potable water tank mixers. Centennial elevated storage tank, Collins elevated storage tank, Holly elevated storage tank and Westside South ground storage tank would receive solar powered mixers with approval.

BACKGROUND INFORMATION

As part of the City of Richardson's ongoing Water Quality Management Plan we are requesting approval to purchase four(4) solar powered tank mixers that will provide circulation for distribution system water storage tanks. The mixing of storage tanks prevents stratification of water and improves water quality within the storage tank. The addition of these mixers will allow uniform circulation throughout the storage tank and aid in overall distribution system water quality.

Solar Bee Mixing System technology is only available from Medora Corporation and is the sole source for this type of equipment. The proposed mixers are solar powered and meet the needs of our facilities with providing a complete mixing package with a robust warranty for the equipment. All equipment has a 25-year design life, high reliability, and minimal service requirements.

Other solutions such as Pulsair Mixers (using air to mix) and Tideflex Mixing Systems (infrastructure modifications) were considered but did not meet our needs. Through our research Solar Bee technology is the best solution for the storage tanks proposed.

FUNDING

Funding source is 2015 W&S C.O. project #WS1504 - 2015 Water Tower Mixers
Account #549-5710-585-7431 for \$169,053.00

SCHEDULE

The expected delivery and installation date is April 2015.

Quotation: Potable Water Circulation Equipment for the Holly, West Side South, Centennial, and Collins Tanks

Date: February 20, 2015

Project #: 6537-C

To: Eric Robison and Hunter Stephens
City of Richardson • 972.744.4492
Eric.robison@cor.gov
Hunter.Stephens@cor.gov

From: Bert Hibl, Medora Corporation Regional Manager, Dallas, TX
bert.hibl@medoraco.com • 214-618-0384

Melisa L. Olheiser, Medora Corporation Sales Engineering Dept., Dickinson, ND
melisa.olheiser@medoraco.com • 866-437-8076

Dear Mr. Robison,

Thank you for requesting this quotation. We are very pleased to work with you and the City of Richardson to provide high quality potable water circulation equipment at an economical price. This project fits our capabilities well, and we will do everything possible to ensure your project flows smoothly and meets your goals and expectations. Please contact us with any questions.

Best Regards,

SolarBee / GridBee Team

PROJECT DESCRIPTION

1. Tank Name (s) & Location

Holly Tank is located at 1316 Holly Dr.(GPS: 32.956896, -96.763860)

West Side South Tank is located at 107 N Cottonwood Dr., (GPS: 32.952655, -96.767779)

Centennial Tank is located at 823 Woodway Ln. (GPS: 32.9376494, -96.714642)

Collins Tank is located at 2370 N. Collins Blvd. (GPS: 32.983227, -96.716885)

2. Tank Description(s)

Holly Tank: Welded-steel, elevated storage tank, volume 1 MG, height 128', diameter 95'.

West Side South Tank: Concrete, ground storage tank, volume 2 MG, height 15', diameter 154'.

Centennial Tank: Welded-steel, elevated storage tank, volume 2 MG, height 113', diameter 98'.

Collins Tank: Welded-steel, elevated storage tank, volume 2 MG, height 109', diameter 100'.

3. Project Objectives

The objective is to provide thorough mixing of the tank or reservoir to reduce nitrification, water age, stagnation, stratification, and short circuiting. Thorough mixing not only improves water quality, it also allows for representative sampling of the tank water, and disinfectant boosting if ever needed. To stop nitrification in the tank, the mixer must have the capability to mix all the way down to within 1 inch of the floor of the tank, at the lowest point on the floor, and must be equipped for boosting disinfectant to stop nitrification events.

4. Medora Co. Recommendation/System Design for this Installation

For the Solar-powered option we recommend the installation of four (4) SolarBee solar-powered mixers, which consists of one (1) SB500PWc v18 mixer, to be placed into the Holly Tank, and three (3) SB1250PWc v18 mixers one each to be placed into the West Side South, Centennial and Collins Tanks.

Note Minimum hatch requirements, with unobstructed clearance, for mixer installations are as follows:

- 18-inch Diameter for SB500PWc v18 Mixers
- 24-inch diameter for SB1250PWc v18 Mixers

Performance Guarantee: These mixers will completely mix the subject tank. In continuous operation, (1) at least once per 24 hours all water temperatures within the tank shall converge to within 0.8 degrees C, and (2) at least once per 72 hours all chlorine concentrations within the tank shall converge to within 0.18 mg/l.

PRICING

5. Equipment Cost - For Equipment and Option Details, See Attached Documents

SB Series Solar Mixers

Quantity	Equipment Description	Cost Each	Equipment Total
1	SB500PWc v18 Solar Mixer for the Holly Tank	\$19,390	\$19,390
1	SB1250PWc v18 Solar Mixer for the West Side South	\$31,780	\$31,780
1	SB1250PWc v18 Solar Mixer for the Centennial Tank	\$32,720	\$32,720
1	SB1250PWc v18 Solar Mixer for the Collins Tanks	\$33,190	\$33,190
Equipment Subtotal:			\$117,080
<i>Applicable Taxes:</i>			<i>-to be determined -</i>
Payment and Performance Bond:			\$4,807
Year One Beekeeper Service:			\$4,006
Factory Delivery, Installation and Startup:			\$53,950
Multiple Unit Installation Discount:			(\$10,790)
Equipment, Delivery, and Placement Total:			\$169,053

POTABLE WATER OPTIONS

Options for SB Series Solar Mixers

SCADA outputs (standard on SolarBee v18 units only)	All SB v18 models come standard with a SCADA brain-board with six outputs. (For on-site communication options, please contact our SCADA Engineering Department.)	Please request option list
LED RPM Indicator	Recommended when SCADA is not available. An electronic pulsing monitor is added to the digital controller and a flashing green LED beacon is located outside of the tank. The LED indicates the SolarBee impeller rotational speed, and the beacon can be directionally targeted for ground level viewing.	\$985 per mixer
Beekeeper Service Program	The Beekeeper is a program that utilizes Factory Crews to service and maintain proprietary designed equipment.	See Attached

Options for all Mixers

Portable Disinfectant Boost System	Consider when occasional on-site boosting is desired. Portable Disinfectant Boost System (designed to be installed in the back of a pickup), safe, durable chemical transfer system to boost disinfectant in potable water reservoirs. Boosting rate up to 4 gpm, one system can treat multiple tanks, approximate dimensions: 20" W x 52" L x 20" H. Air compressor (4 cfm @ 60 psi) is required to operate the air-powered diaphragm pump; air compressor not included. FOB Dickinson ND. Brochure available upon request.	\$8,600
------------------------------------	--	---------

TERMS

6. General Provisions

A. Equipment Purchase, Not a Construction Project: This equipment is portable, and can be easily relocated or removed entirely from the premises at any time. It does not become an integral part of any building or other structure, or part of "real estate." Therefore, to purchase it, the City should use the same procedure as for purchasing other portable equipment, such as a forklift, a drill press, or an office desk. Medora reserves the right not to accept an order if the purchase is incorrectly characterized as a "construction" project." Medora has not found any State or other jurisdiction where construction or contractor statutes apply to portable equipment that is sold by a factory, with on-site final assembly and placement performed by factory personnel.

B. Assumptions: This quotation may be based on worksheets, calculations or other information that has been provided by the City. The City should bring to Medora's attention any discrepancies, errors in data, or false assumption that Medora may have made while preparing this quotation.

C. Expiration: This quotation expires in 90 days, or on the date of any new quotation for this project, whichever is sooner.

D. Delivery Time: Delivery is scheduled at time of order, and is usually between 4 and 8 weeks.

E. Payment Terms: For a federal, state, or local government purchaser with a good credit rating, full payment is due in US dollars 30 days after invoice date, which is generally the date when the goods leave the Medora factory. For a non-government purchaser, full payment must be made by credit card or cashier's check before the goods leave the Medora factory though, in some cases, based on availability of a payment bonding or a bank Letter of Credit, 30 day credit terms may be extended upon special request by the purchaser. If there are any issues with these payment terms, please do not rely on this quotation until the issues have been resolved with Medora.

F. Add for Taxes and Any Governmental Fees: Except as indicated above, no taxes, tariffs or other governmental fees are included in the quote shown above, nor are there any costs added for special insurance coverage the customer may require. It is the customer's responsibility to pay all local, state, and federal taxes, including, sales and use taxes, business privilege taxes, and fees of all types relating to this sale, whether they are imposed on either Medora or the customer, or whether these taxes and fees are learned about after the customer orders the equipment. The customer's purchase order should indicate any taxes or fees due on equipment and/or services, and whether the customer will pay them directly to the governing body or include the tax payment with the purchase for Medora to submit them to the governing body.

G. Add for Special Insurance Requirements: Medora Corporation maintains adequate liability and workman's compensation insurance to generally comply with its requirements for doing business in all fifty U.S. states, and will provide at no charge certificates of insurance when requested. However, if additional insurance or endorsements beyond the company's standard policy are required by the customer, then the costs of those additional provisions and/or endorsements will be invoiced to the customer after the costs become known.

H. Add for Special Training, Safety, Signage, or Other Requirements: Medora has a very strong safety training program for its employees. If any special training classes for Medora personnel are required by the customer, please notify Medora well in advance. The cost of this training will be added to this quotation or invoiced to the customer separately. The same applies to any other special requirements the customer may have, including providing of project signage or any other requirement.

I. Safe and Accessible Tank Condition Required. This quotation is based on the best information made available to us by the above date. If this equipment is ordered, Medora's engineering and installation team will need detail information and photographs to plan the installation. If the detail information changes the installation scope significantly, Medora reserves the right to withdraw or alter this quotation, even if the equipment has already been ordered. To avoid surprises, the City should supply detailed tank information and photos as soon as possible. To ensure the safety of Medora's installation crews, it is the City's responsibility to make sure that all antennas (radio, cell phone, other) located at or near the tank site are inactivated during the installation and/or service of this equipment.

J. Customer to Follow Medora's Maintenance and Safety Guidelines: The customer agrees to follow proper maintenance, operating, and safety instructions regarding the equipment as contained in the safety manual that accompanies the equipment or is sent to the customer's address.

K. Regulatory Compliance. The customer must comply with all applicable Federal and State governmental regulations. It is the customer's sole responsibility to inquire about governmental regulations and ensure that GridBee and SolarBee equipment is deployed and maintained so as to remain in compliance with these regulations and guidelines, and to hold Medora harmless from any liability caused by non-compliance with these regulations and guidelines.

L. Warranty. Medora Corporation has the best parts and labor warranties that we are aware of in the industry. The details of the Warranty which applies to this project are either attached to this document or are available at:

<http://potablewater.medoraco.com/potablewater/product-information>

7. To Accept This Quotation

To order the equipment, please issue a purchase order to Medora Corporation, 3225 Hwy. 22, Dickinson, ND 58601. The purchase order can be mailed to the address above, faxed to 866-662-5052, or emailed to the home office at orderprocessing@medoraco.com. The purchase order should refer to the date of this quotation, and will be assumed to include this entire quotation by reference.

If purchase orders are not utilized, please sign and date below, provide billing information, and fax to 866-662-5052 or email to orderprocessing@medoraco.com.

Signing below acknowledges acceptance of this quotation.

City of Richardson
Public Services Department
Eric Robinson
Utilities Sr. Supervisor Technical Operations
411 W. Arapaho Rd.
Richardson, TX 75081

Dear Eric,

This letter is to certify that the Models SB500PWc v18, SB1250PWc v18 and SB5000PW v18 high-flow, potable water mixing equipment, which the City of Richardson is considering purchasing, is available only through Medora Corporation of Dickinson, North Dakota.

Medora Corporation the exclusive manufacturer of this equipment, which encompasses 13 or more patents with 50+ patent claims, plus some additional patents pending and the sole licensee of this technology. A list of granted patents are available at:
<http://www.medoraco.com/about>.

In addition, the machines come with a warranty far longer than any other in the industry:

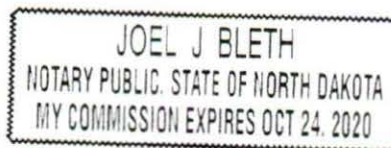

- a. 2-yr machine warranty, that covers parts and labor w/optional extended warranty
- b. v18 machines: 10-yr motor warranty (proprietary brushless motor exclusive to Medora Corporation)
- c. 25-yr solar panel performance warranty
- d. Factory Installation crews trained for: at heights, over water and confined Spaces.

The purchase price presented for this equipment is the same price charged to all U.S. agencies and other organizations, after allowing for small differences in delivery and installation charges based on quantity and mileage differences between projects.

Sincerely,

Myron Hintz, Vice President

(Notary Seal)

The above individual signed this letter in my presence on Feb 10, 2015.

Attested to by Joel J. Bleth, Notary Public, Stark County, State of North Dakota.

FROM: Pam Kirkland – Purchasing Manager *Pam*

SUBJECT: Award of Bid #51-15 for EMS Ambulance Cots and Stair Chairs to Stryker EMS Equipment in the amount of \$60,889.08

Proposed Date of Award: March 16, 2015

I concur with the recommendation of Curtis Poovey – Battalion Chief Support Services, and request permission to issue a purchase order to Stryker EMS Equipment for the following equipment:

New Units for New Ambulance Funded From 235-1410-581-7421, Project #FD1512

1 each Power Pro XT Cot	\$16,224.66
1 each Stair-Pro #6252 Chair	<u>2,973.02</u>
	\$19,197.68

New Replacement Units w/Trade-In Units Funded From 235-1410-581-7401, Project #FD1514

2 each Power Pro XT Cot	\$32,449.32
1 each Trade-In – Used Power Pro	<u>- 1,850.00</u>
	\$30,599.32
4 each Stair-Pro #6253 Chair	\$11,892.08
1 each Trade-In – Used Stair Pro	<u>- 800.00</u>
	\$11,092.08

Grand Total Purchase \$60,889.08

The Richardson Fire Department has standardized on Stryker ambulance cots and stair chairs for continuity of training of EMS personnel department wide and Stryker EMS Equipment is the manufacturer and sole supplier for their products as outlined in the attached letter. Therefore, this award qualifies as a sole source procurement exempt from competitive bidding as allowed by Texas Local Government Code Chapter 252.022 (a)(2) and 252.022(a)(7)(A).

Re: Stair-PRO Sole Source Information

To Whom It May Concern:

Stryker Medical certifies that we are the sole manufacturer of the Stryker EMS Stair-PRO (6252) product. This correspondence is to inform you of the unique characteristics of the Stair-PRO (6252) system.

Ease of Use

- Innovative Stair-TREAD system transports patients down stairs without lifting
- Upper control handle provides optimal operator visibility and control
- Handle length optimized for upstairs mobility
- Contoured ABS seat
- Extendable foot end lift handles

Please contact your Stryker Sales Representative for further information.

February 9, 2015

To Whom It May Concern,

Stryker does not operate a distribution channel in which competitive pricing may be obtained on the model 6506 Power-PRO cot that is configured with the model 6506-127-000 Power-LOAD cot compatibility kit. The Power-PRO cot configured with Power-LOAD cot compatibility kit must be purchased directly from Stryker.

If you have any questions or if I can be of further assistance, please don't hesitate to call.

Sincerely,

A handwritten signature in black ink, appearing to read "Gary Montana".
