

# BUSH CENTRAL BARKWAY

## About the Barkway

Richardson has a treat for man's best friend called the Bush Central Barkway. This six-acre site is under and along the President George Bush Turnpike west of US 75 and will feature a variety of great amenities.

It includes separate areas for large and small dogs, and for puppy parents who wish to host a doggy birthday party, a rental area is available. Not only that, but if your pooch isn't as perky anymore, is now settling into a slower pace or recovering from surgery, an area for sedentary dogs is available. The park also has a central plaza with restrooms, shade structures and open space with different textures that include grass, decomposed granite, stone and logs.
