

Flushable wipes?

YIKES!

They'll flush down but they won't flush OUT!

Some paper products are advertised as 'flushable' but they won't decompose ... they get caught up in wastewater pipes, pumps and screens—and that costs money to clear and repair! Please help protect the wastewater system and our environment. Remember, only toilet paper down the toilet!

Here's your handy "Do Not Flush" list

- paper towels
- facial tissue
- cotton swabs
- baby wipes
- adult wipes
- hair
- gum wrappers
- candy wrappers
- facial pads
- dental floss
- cigarettes
- cotton balls
- kitty litter
- hygiene products
- cleaning wipes
- adhesive bandages
- makeup remover
wipes
- diapers
