

Collins/Arapaho Transit-Oriented Development &
INNOVATION DISTRICT

OPEN HOUSE

Building the Premier Tech Hub in Texas

Open House for Collins/Arapaho TOD and Innovation District Rezoning Initiative is Aug. 21

The 1,200-acre area around the East Collins/Arapaho DART Station has long served as a job center for Richardson. Over the past 16 months, hundreds of people have contributed to the City's initiative to make this area the Premier Tech Hub in Texas. Creative ideas have come from the employees of area businesses, the property and business owners, Richardson residents, and others who are passionate about the area. All these ideas are shaping new zoning regulations for the district, and we want to get your feedback. Come learn about the new draft zoning for the district and how it builds on the ideas from stakeholders.
