COMMUNITY WARMING CENTERS

RECOVERY & RESTORATION

MAJOR DISASTER DECLARATION

- President Biden approved a Major Disaster Declaration for Texas, unlocking more federal resources to assist the state struggling to recover from deadly winter storms
- The President's approval allows the Federal Emergency Management Agency to provide more resources and assistance, including grants for temporary housing and repairs, low-cost loans to cover uninsured property losses and other programs to help communities recover
- The Biden Administration approved individual assistance in 77 counties and public (institution) assistance in all 254 counties
 - Public assistance is protective measures only at this time
 - 75% reimbursement level

IMPORTANT NEXT STEPS TO TAKE

- Richardson residents and businesses impacted by the winter weather should take the following steps:
 - Residents (homeowners and renters)
 1. Complete Texas Department of Emergency Management (TDEM) Individual Damage Collection Survey
 2. Complete Federal Emergency Management Agency (FEMA) Individual Assistance Program application and/or Small Business Administration (SBA) Disaster Loan application
 - Businesses Owners
 1. Complete TDEM Individual Damage Collection Survey
 2. Complete SBA Disaster Loan application

INDIVIDUAL DAMAGE COLLECTION SURVEY

TEXAS DISASTER IMPACTS SELF-REPORTING TOOL
VISIT: [TDEM.TEXAS.GOV/WARM](https://dem.texas.gov/warm)

FEMA  @fema · 1h

Texas: if you sustained damages due to the winter storms & have insurance, document your damages before you start the clean-up process.

- ◆ Take photos of damages
- ◆ Start your insurance claim
- ◆ Save your expense receipts
- ◆ Report your damages to [@TDEM](https://twitter.com/TDEM): ow.ly/Ehzd50DFwvi

STORM DAMAGE ?

- 1** Before you clean up, take photos of your damaged home and belongings. You do not need to wait for an inspector to view damage before cleaning up.
- 2** Make a list of damaged/lost items and gather any original receipts you have for those items.
- 3** Call your insurance agent to submit a claim.

Having this info on hand will help speed up the process with your insurance company and other programs.

Disaster Assistance Center

English Español

If you are a disaster survivor, you may qualify for federal assistance.

- If you are applying for both home and business disaster assistance, complete one registration to cover both.
- If you are applying for multiple disasters, you will need to complete a registration for each disaster.

You'll need the following to complete your registration:

- Social Security Number (SSN) OR the SSN of a minor child in the household who is a U.S. Citizen, Non-Citizen National or Qualified Alien
- Annual Household Income
- Contact Information (phone number, mailing address, email address*, and damaged home address)
- Insurance Information (coverage, insurance company name, etc.)
- Bank Account Information (if you are eligible to receive financial assistance, the money can be deposited in your account)

*Note: You must provide an email address if you want to review your registration status online. If you do not provide an email address, you will be required to contact FEMA for any updates to your registration.

If you need further information or assistance:

Call the FEMA Disaster Assistance Helpline at 1-800-621-3362. This number is also for users of 711 or Video Relay Service (VRS). TTY users can call 1-800-462-7585. Helpline services are available seven days a week from 7 a.m. to 11 p.m. ET.

If you are having technical issues, call FEMA's Internet Help Desk at 1-800-745-0243. They are available 24 hours a day, 7 days a week.

To learn more, review the Individuals and Households Program and Policy Guide (IAPPG). This provides policy and eligibility information for all assistance under the Individuals and Households Program (IHP). Visit the Individual Disaster Assistance page for more details. You may also view Disasters by calendar year or find other agency support by disaster.

“DRIP ALLOWANCE” ON WATER BILL

- Water users were encouraged to drip their faucets to help protect against frozen pipes
- The City will offer a \$15 “drip credit” to all residential and commercial water users
 - This is in addition to leak repair credits which are evaluated on a case-by-case basis
- Credit equal to approximately 1,500 gallons of water/sewer use
- Credit will appear during March starting with March 2 bills
- Contact Water Customer Service for leak repair credits associated with damaged pipes

WINTER WEATHER DEBRIS REMOVAL

Winter Weather Debris Removal

On Monday Feb. 22, 2021, City crews will begin trash, recycling and Brush and Bulky Item Collection (BABIC) service following the recent winter weather event.

Item Disposal

Drywall, insulation, PVC pipes or other water damaged materials should be placed in black trash bags.

Place in regular trash collection point

Large Drywall

Larger pieces of material such as drywall should be broken down into smaller pieces and placed in trash bags.

Residents who have too much debris to fit in garbage bags can request a Rent-A-Bin.

Free Rent-A-Bins Available

Residents may request an 8-yard Rent-A-Bin for one-week at no charge. Requests are on a first-come, first-served basis.

List of Acceptable Items - www.cor.net/BABIC

Request Rental

Call 972-744-4111 to reserve or for more information.

TRASH - RECYCLING BABIC WILL RESUME MONDAY NEXT WEEK

Thank you for your patience
and understanding.

WINTER WEATHER REPAIRS

WINTER WEATHER REPAIRS

My water was cut off. What do I do now?
Due to the severe winter weather, the main water line serving your residence or business was turned off at the city meter. Please make sure to turn on all fixtures and leave them in the "on" or "open" position. Once your pipe thaws this will allow water to flow freely.

Who do I contact about my water damage?
You will need to contact your insurance company. Most homeowner insurance policies cover sudden and accidental water damage. The Texas Department of Insurance (TDI) can help you locate your agent or insurance company. Call TDI's Consumer Help Line at **800-252-3439** for assistance.

How do I find a plumber?
If you need plumbing work done, contact a state licensed plumber for a repair or an evaluation on any impacted plumbing systems. The State Board of Plumbing Examiners provides a Responsible Master Plumber List at <https://vo.licensing.hpc.texas.gov/datamart/selectSearchType.do>. A company offering/contracting plumbing services to the public must secure the services of at least one Responsible Master Plumber and have a current certificate of insurance on file with this agency.

Additionally, the City of Richardson requires all contractors to register with the city. This list can be found at <http://discovery.cor.gov/Public/BI/Contractors.nsf/Main.xsp>.

Are building permits required?
Building permits for repairs will be required in most cases. Please note permit fees related to repairs resulting from the severe winter storm will be waived. The online building permit portal allows plumbing contractors to obtain a permit anytime at www.cor.net/departments/building-inspection/online-permits. Permit forms are available at www.cor.net/departments/building-inspection/pdf-forms.

You may also submit the permit via e-mail at permits@cor.gov. Contact Building Inspection staff at **972-744-4180** if you have any questions.

How do I schedule an inspection?
Building permits for storm repairs require inspections. Inspections are typically conducted from 8 a.m.-5 p.m. Monday-Friday. Inspection requests may be requested online any time at <https://discovery.cor.gov/public/permits/permitinquiry.nsf/inspectionIndex.html> or via phone at **972-744-4180** during normal operating hours.

To assist with expediting repairs, after-hours inspections will be provided during the week and on the weekend. Please contact **972-744-4111** to schedule an after-hours inspection.

HOW TO TURN OFF YOUR WATER

Call 24-hour Response Center at 972-744-4111
(IF YOU CAN'T WAIT - DO THE FOLLOWING)

- First, check to see if you have a private shut-off valve. Usually located next to the house.
- Due to the Winter Weather Emergency, if you do not have a private shut-off valve, use the shut-off valve located at the meter.
- If all else fails, ask a neighbor or someone in your neighborhood for help. Someone will likely have a key or tool that will work.
