Water and Sewer Services Fund

The Water and Sewer Fund, an enterprise fund and the City's second largest operating fund, provides for the administration, operation and maintenance of the City's water and wastewater system, as well as the City's billing and collection activities.

The services provided by the Water and Sewer Fund are financed through user fees charged to residential and commercial customers. Water and Sewer rates are periodically reviewed and adjusted to assure that revenues collected are enough to fund the expenditures related to providing water and wastewater services. Based on the fund's current expenditure expectations, the projected revenues for FY 2023-2024 are based on a 3.0% adjustment to the City's Water and Sewer rates.

Water and Sewer Fund expenditures provide for the purchase of water and for sewer treatment services, as well as for daily operations and infrastructure maintenance and renewal. The purchase of water from the North Texas Municipal Water District (NTMWD) and sewer services from the NTMWD, the City of Dallas and the City of Garland account for 64.5% of the fund's total expenditures. The next two largest expenses for the fund are personal expenditures of \$8,515,548 and the transfer to debt service of \$8,201,000, which total 15.9% of the fund's total expenditures.

Rates are reviewed annually to confirm that enough revenues are generated to fund the anticipated expenses related to solid waste services. A \$1.00 per month (including sales tax) residential rate change is being proposed for FY 2023-2024, while maintaining the 26% senior discount.

Expenditures for daily operations and disposal fees charged by the North Texas Municipal Water District (NTMWD) are hosted in the Solid Waste Services Fund. Disposal fees comprise 21.4% of the overall expenditures of the fund.

FY 2023-2024 Budget Overview

Golf Fund

The Golf Fund, a special revenue fund, accounts for the administration, operations, maintenance, and periodic renovation of Sherrill Park Golf Course. Revenues for the Golf Fund are generated through golf fees charged to patrons. The number of rounds of golf played on an annual basis drive the revenues of the fund. The number of rounds played is affected by weather as well as by competition in the regional golf market. The revenue and expenditure projections for FY 2023-2024 reflect the closure of Course #2 from January 2024 through September 2024 for renovation, which includes a \$595,000 transfer in from the General Special Projects fund.

City of Richardson, Texas

DEBT SERVICE

The following information is provided as part of the budget in accordance with Article 16.01 of the City's Charter. The City's Home Rule Charter (the "Charter") stipulates that the City may borrow money for permanent public improvements, or any other legitimate municipal purpose as may be determined by the City Council, in accordance with the Constitution and the laws of the State of Texas. The Constitution places a limit on the ad valorem tax rate that may be levied for repayment of ad valorem tax debt, but there is no formal limit on the amount of ad valorem tax debt that may be borrowed.

The City of Richardson issues voter approved tax supported bond debt for a term not to exceed twenty years. General Obligation bonds (G.O.'s) are issued for the purpose of financing major capital improvement projects like streets, parks, and municipal facilities. Projects with a life expectancy of less than twenty years are financed through the use of Certificates of Obligations (C.O.'s). These certificates are issued for major rehabilitation projects, capital equipment, and other improvements. General obligation bonds are payable with proceeds from the ad valorem property tax levied on all taxable property within the corporate city limits of Richardson. Proceeds from the property tax also repay the C.O.'s used for purchases in the General Fund while charges for service in the Water & Sewer Fund, and the Solid Waste Fund handle their debt requirement. For FY 2023-2024 the proposed combined property tax for Richardson is \$0.56095 per \$100 of valuation with \$0.21779 used to pay principal and interest on outstanding debt.

The Water and Sewer Fund, Golf Fund, and Solid Waste Fund do not levy ad valorem taxes. These funds utilize the Certificates of Obligation debt instrument, tailoring the maturity of the debt to meet the life expectancy of the projects and equipment being financed. Principal and interest on both types of bonds are paid using revenues generated from fees charged for service.

GENERAL INFORMATION: Tax Code Section 26.04(c) requires an officer or employee designated by the governing body to calculate the no-new-revenue (NNR) tax rate and voter-approval tax rate for the taxing unit. These tax rates are expressed in dollars per \$100 of taxable value calculated. The calculation process starts after the chief appraiser delivers to the taxing unit the certified appraisal roll and the estimated values of properties under protest. The designated officer or employee shall certify that the officer or employee has accurately calculated the tax rates and used values shown for the certified appraisal roll or certified estimate. The officer or employee submits the rates to the governing body by Aug. 7 or as soon thereafter as practicable.

School districts do not use this form, but instead use Comptroller Form 50-859 *Tax Rate Calculation Worksheet, School District without Chapter 313 Agreements* or Comptroller Form 50-884 *Tax Rate Calculation Worksheet, School District with Chapter 313 Agreements*.

Water districts as defined under Water Code Section 49.001(1) do not use this form, but instead use Comptroller Form 50-858 *Water District Voter-Approval Tax Rate Worksheet for Low Tax Rate and Developing Districts* or Comptroller Form 50-860 *Developed Water District Voter-Approval Tax Rate Worksheet*.

The Comptroller's office provides this worksheet to assist taxing units in determining tax rates. The information provided in this worksheet is offered as technical assistance and not legal advice. Taxing units should consult legal counsel for interpretations of law regarding tax rate preparation and adoption.

SECTION 1: No-New-Revenue Tax Rate

The NNR tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of taxes (no new taxes) if applied to the same properties that are taxed in both years. When appraisal values increase, the NNR tax rate should decrease.

The NNR tax rate for a county is the sum of the NNR tax rates calculated for each type of tax the county levies.

While uncommon, it is possible for a taxing unit to provide an exemption for only maintenance and operations taxes. In this case, the taxing unit will need to calculate the NNR tax rate separately for the maintenance and operations tax and the debt tax, then add the two components together.

SECTION 2: Voter-Approval Tax Rate

The voter-approval tax rate is the highest tax rate that a taxing unit may adopt without holding an election to seek voter approval of the rate. The voter-approval tax rate is split into two separate rates:

- Maintenance and Operations (M&O) Tax Rate:** The M&O portion is the tax rate that is needed to raise the same amount of taxes that the taxing unit levied in the prior year plus the applicable percentage allowed by law. This rate accounts for such things as salaries, utilities and day-to-day operations.
- Debt Rate:** The debt rate includes the debt service necessary to pay the taxing unit's debt payments in the coming year. This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

The voter-approval tax rate for a county is the sum of the voter-approval tax rates calculated for each type of tax the county levies. In most cases the voter-approval tax rate exceeds the no-new-revenue tax rate, but occasionally decreases in a taxing unit's debt service will cause the NNR tax rate to be higher than the voter-approval tax rate.

SECTION 3: NNR Tax Rate and Voter-Approval Tax Rate Adjustments for Additional Sales Tax to Reduce Property Taxes

Cities, counties and hospital districts may levy a sales tax specifically to reduce property taxes. Local voters by election must approve imposing or abolishing the additional sales tax. If approved, the taxing unit must reduce its NNR and voter-approval tax rates to offset the expected sales tax revenue.

This section should only be completed by a county, city or hospital district that is required to adjust its NNR tax rate and/or voter-approval tax rate because it adopted the additional sales tax.

SECTION 4: Voter-Approval Tax Rate Adjustment for Pollution Control

A taxing unit may raise its rate for M&O funds used to pay for a facility, device or method for the control of air, water or land pollution. This includes any land, structure, building, installation, excavation, machinery, equipment or device that is used, constructed, acquired or installed wholly or partly to meet or exceed pollution control requirements. The taxing unit's expenses are those necessary to meet the requirements of a permit issued by the Texas Commission on Environmental Quality (TCEQ). The taxing unit must provide the tax assessor with a copy of the TCEQ letter of determination that states the portion of the cost of the installation for pollution control.

This section should only be completed by a taxing unit that uses M&O funds to pay for a facility, device or method for the control of air, water or land pollution.

SECTION 5: Voter-Approval Tax Rate Adjustment for Unused Increment Rate

The unused increment rate is the rate equal to the difference between the adopted tax rate and voter-approval tax rate adjusted to remove the unused increment rate for the prior three years.³⁹ In a year where a taxing unit adopts a rate by applying any portion of the unused increment rate, the portion of the unused increment rate must be backed out of the calculation for that year.

The difference between the adopted tax rate and adjusted voter-approval tax rate is considered zero in the following scenarios:

- a tax year before 2020;⁴⁰
- a tax year in which the municipality is a defunding municipality, as defined by Tax Code Section 26.0501(a);⁴¹ or
- after Jan. 1, 2022, a tax year in which the comptroller determines that the county implemented a budget reduction or reallocation described by Local Government Code Section 120.002(a) without the required voter approval.⁴²

Individual components can be negative, but the overall rate would be the greater of zero or the calculated rate.

This section should only be completed by a taxing unit that does not meet the definition of a special taxing unit.⁴³

SECTION 7: Voter Approval Tax Rate Adjustment for Emergency Revenue Rate

In the tax year after the end of the disaster calculation time period detailed in Tax Code Section 26.042(a), a taxing unit that calculated its voter-approval tax rate in the manner provided for a special taxing unit due to a disaster must calculate its emergency revenue rate and reduce its voter-approval tax rate for that year.⁴⁶

Similarly, if a taxing unit adopted a tax rate that exceeded its voter-approval tax rate, calculated normally, without holding an election to respond to a disaster, as allowed by Tax Code Section 26.042(d), in the prior year, it must also reduce its voter-approval tax rate for the current tax year.⁴⁷

This section will apply to a taxing unit other than a special taxing unit that:

- directed the designated officer or employee to calculate the voter-approval tax rate of the taxing unit in the manner provided for a special taxing unit in the prior year; and
- the current year is the first tax year in which the total taxable value of property taxable by the taxing unit as shown on the appraisal roll for the taxing unit submitted by the assessor for the taxing unit to the governing body exceeds the total taxable value of property taxable by the taxing unit on January 1 of the tax year in which the disaster occurred or the disaster occurred four years ago. This section will apply to a taxing unit in a disaster area that adopted a tax rate greater than its voter-approval tax rate without holding an election in the prior year.

Note: This section does not apply if a taxing unit is continuing to calculate its voter-approval tax rate in the manner provided for a special taxing unit because it is still within the disaster calculation time period detailed in Tax Code Section 26.042(a) because it has not met the conditions in Tax Code Section 26.042(a)(1) or (2).
