

# BE A GOOD NEIGHBOR

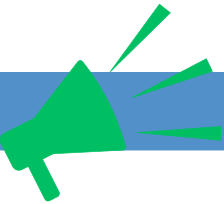

## TRASH AND RECYCLING

Please do not put out trash and recycling until the morning of the day of collection. Trash should be placed in a trash bag along the curb in front of the house or, if the house has an alley, in the alley. Recyclables should be placed in the same location in a blue recycling bag.

## PARKING INFORMATION

From 2-8 a.m., tenants at a short-term rental may not park their vehicles in front of any property other than the short-term rental. Vehicles may also not be parked on non-paved areas, such as in a yard, or where they will cause safety issues, such as in front of a fire hydrant.

## NOISE ORDINANCE

Richardson's noise ordinance prohibits people from making unreasonably loud, disturbing, or unnecessary noise. Examples of excessive noise include loud parties and music. To report loud noise, call the City's 24-hour response line at 972-744-4111.
