

Flushable wipes?

YIKES!

They'll flush down but they won't flush OUT!

Some paper products are advertised as 'flushable' but they aren't. Wipes won't decompose ... they get caught up in wastewater pipes, pumps and screens—and that costs money to clear and repair! Please help protect the wastewater system and our environment. Remember, only toilet paper down the toilet!

Here's your handy "Do Not Flush" list

- paper towels
- dental floss
- facial tissue
- cigarettes
- cotton swabs
- cotton balls
- baby wipes
- scoops of kitty litter
- adult wipes
- women's hygiene products
- hair
- all purpose cleaning wipes
- gum wrappers
- adhesive bandages
- candy wrappers
- make-up remover wipes
- facial pads
- diapers
